(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

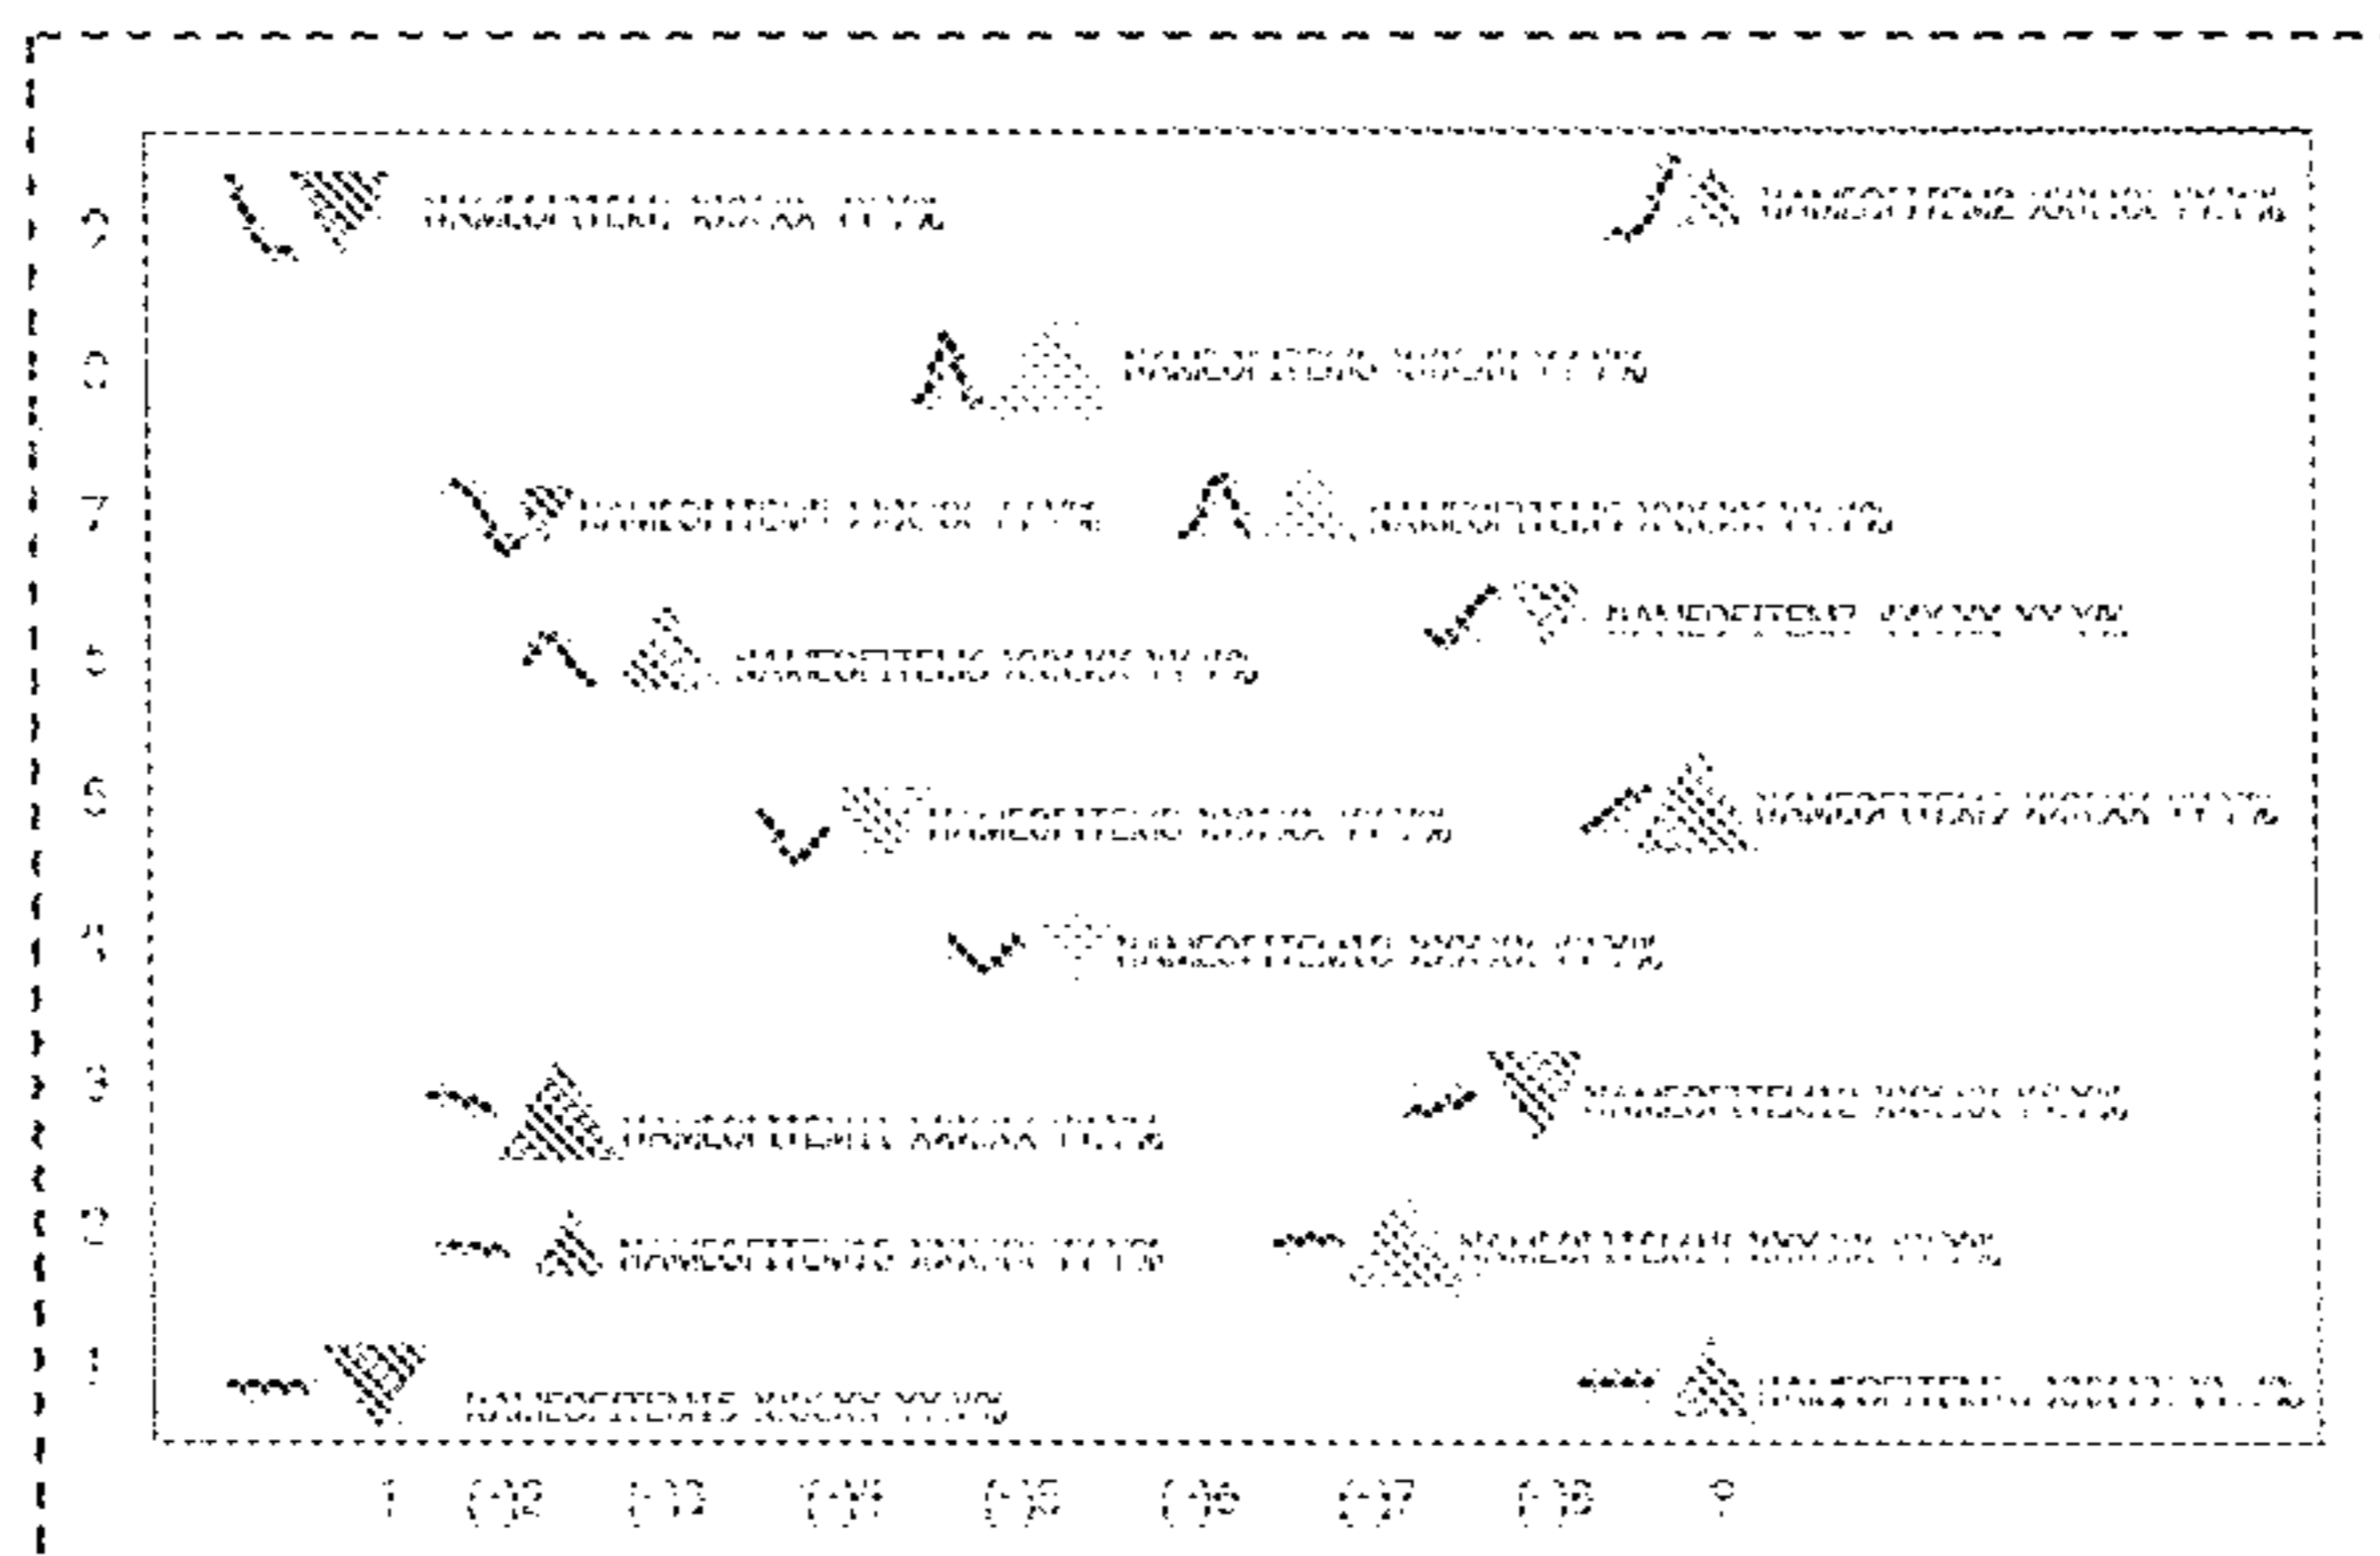

**DESCRIPTION**

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyrights whatsoever. The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawings(s)/photographs(s) will be provided by the Office upon request and payment of necessary fee.

The sole FIGURE is a front view of a display screen with graphical user interface showing my new design.

The broken rectangle showing of the display screen, the colored broken lines bordering each of the colored, solid line triangles, and all other broken lines showing portions of the graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design.
