(57) **CLAIM**

The ornamental design for a display screen with a scan button icon, as shown and described.

DESCRIPTION

FIG. 1 shows a front view of a portion of a display screen with the scan button icon of the claimed design. The portion of the display screen shown, which has been isolated and enlarged for clarity of disclosure, corresponds to a portion of a smartphone display screen as shown in FIG. 2; and, FIG. 2 shows a front view of a display screen of a smart phone with the scan button icon of the claimed design. The broken lines in FIG. 1 illustrate an enlarged, isolated portion of the display screen shown in FIG. 2. The sharp-cornered, vertical-oriented broken-line rectangle shown in FIG. 2 illustrates the perimeter of the display screen of a smart phone. The broken lines outside this perimeter illustrate portions of the smart phone. The broken lines within this perimeter illustrate portions of a graphical user interface. The broken lines form no part of the claimed design.

1 Claim, 2 Drawing Sheets
