(57) **CLAIM**

An ornamental design for a display screen with graphical user interface for a timeline-video relationship presentation for alert events, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface for a timeline-video relationship presentation for alert events, showing our new design.

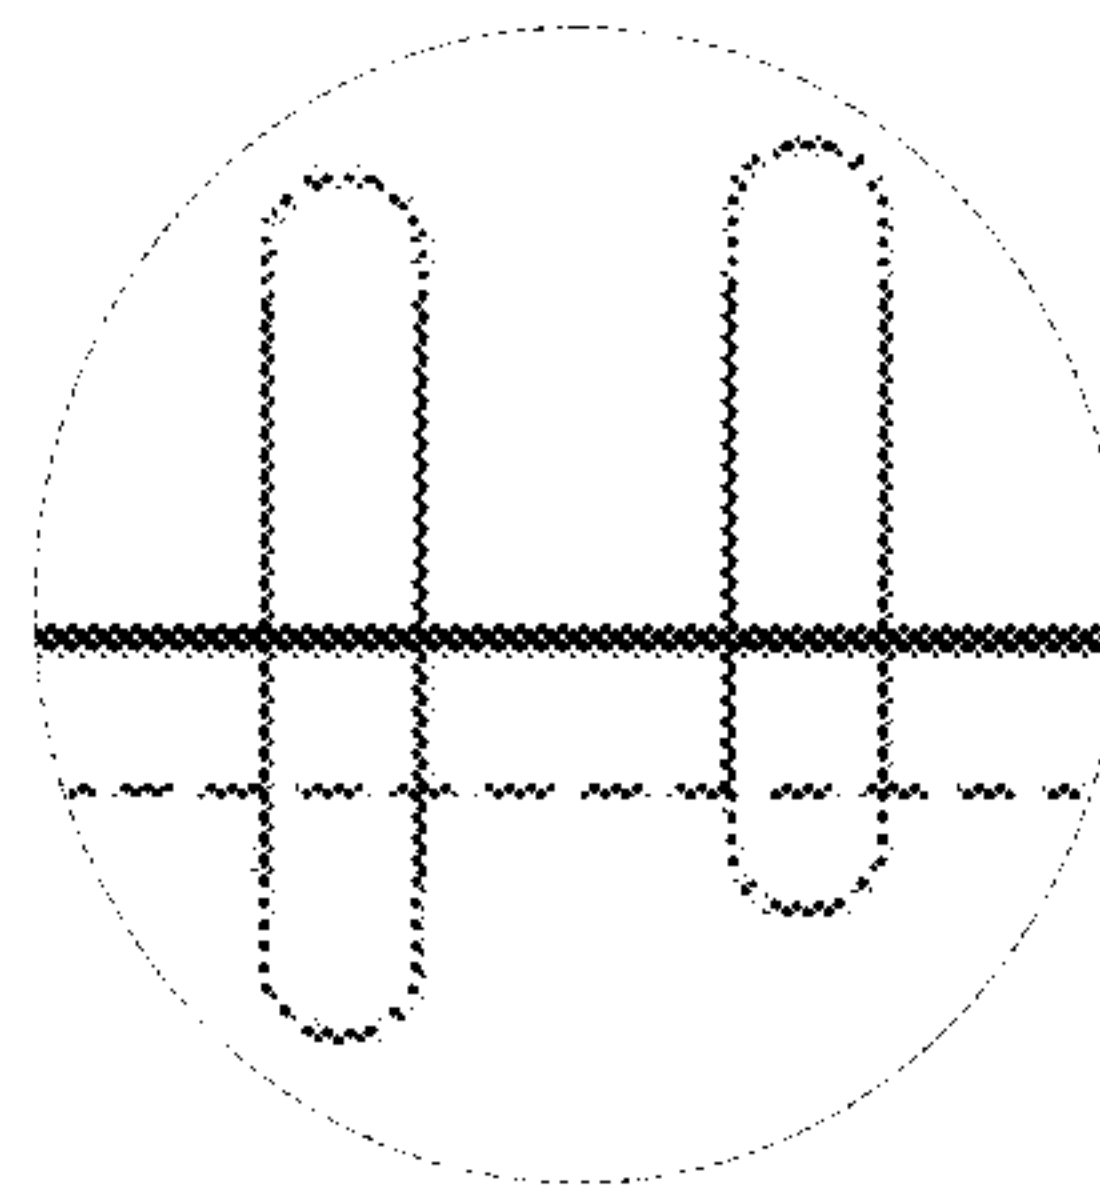

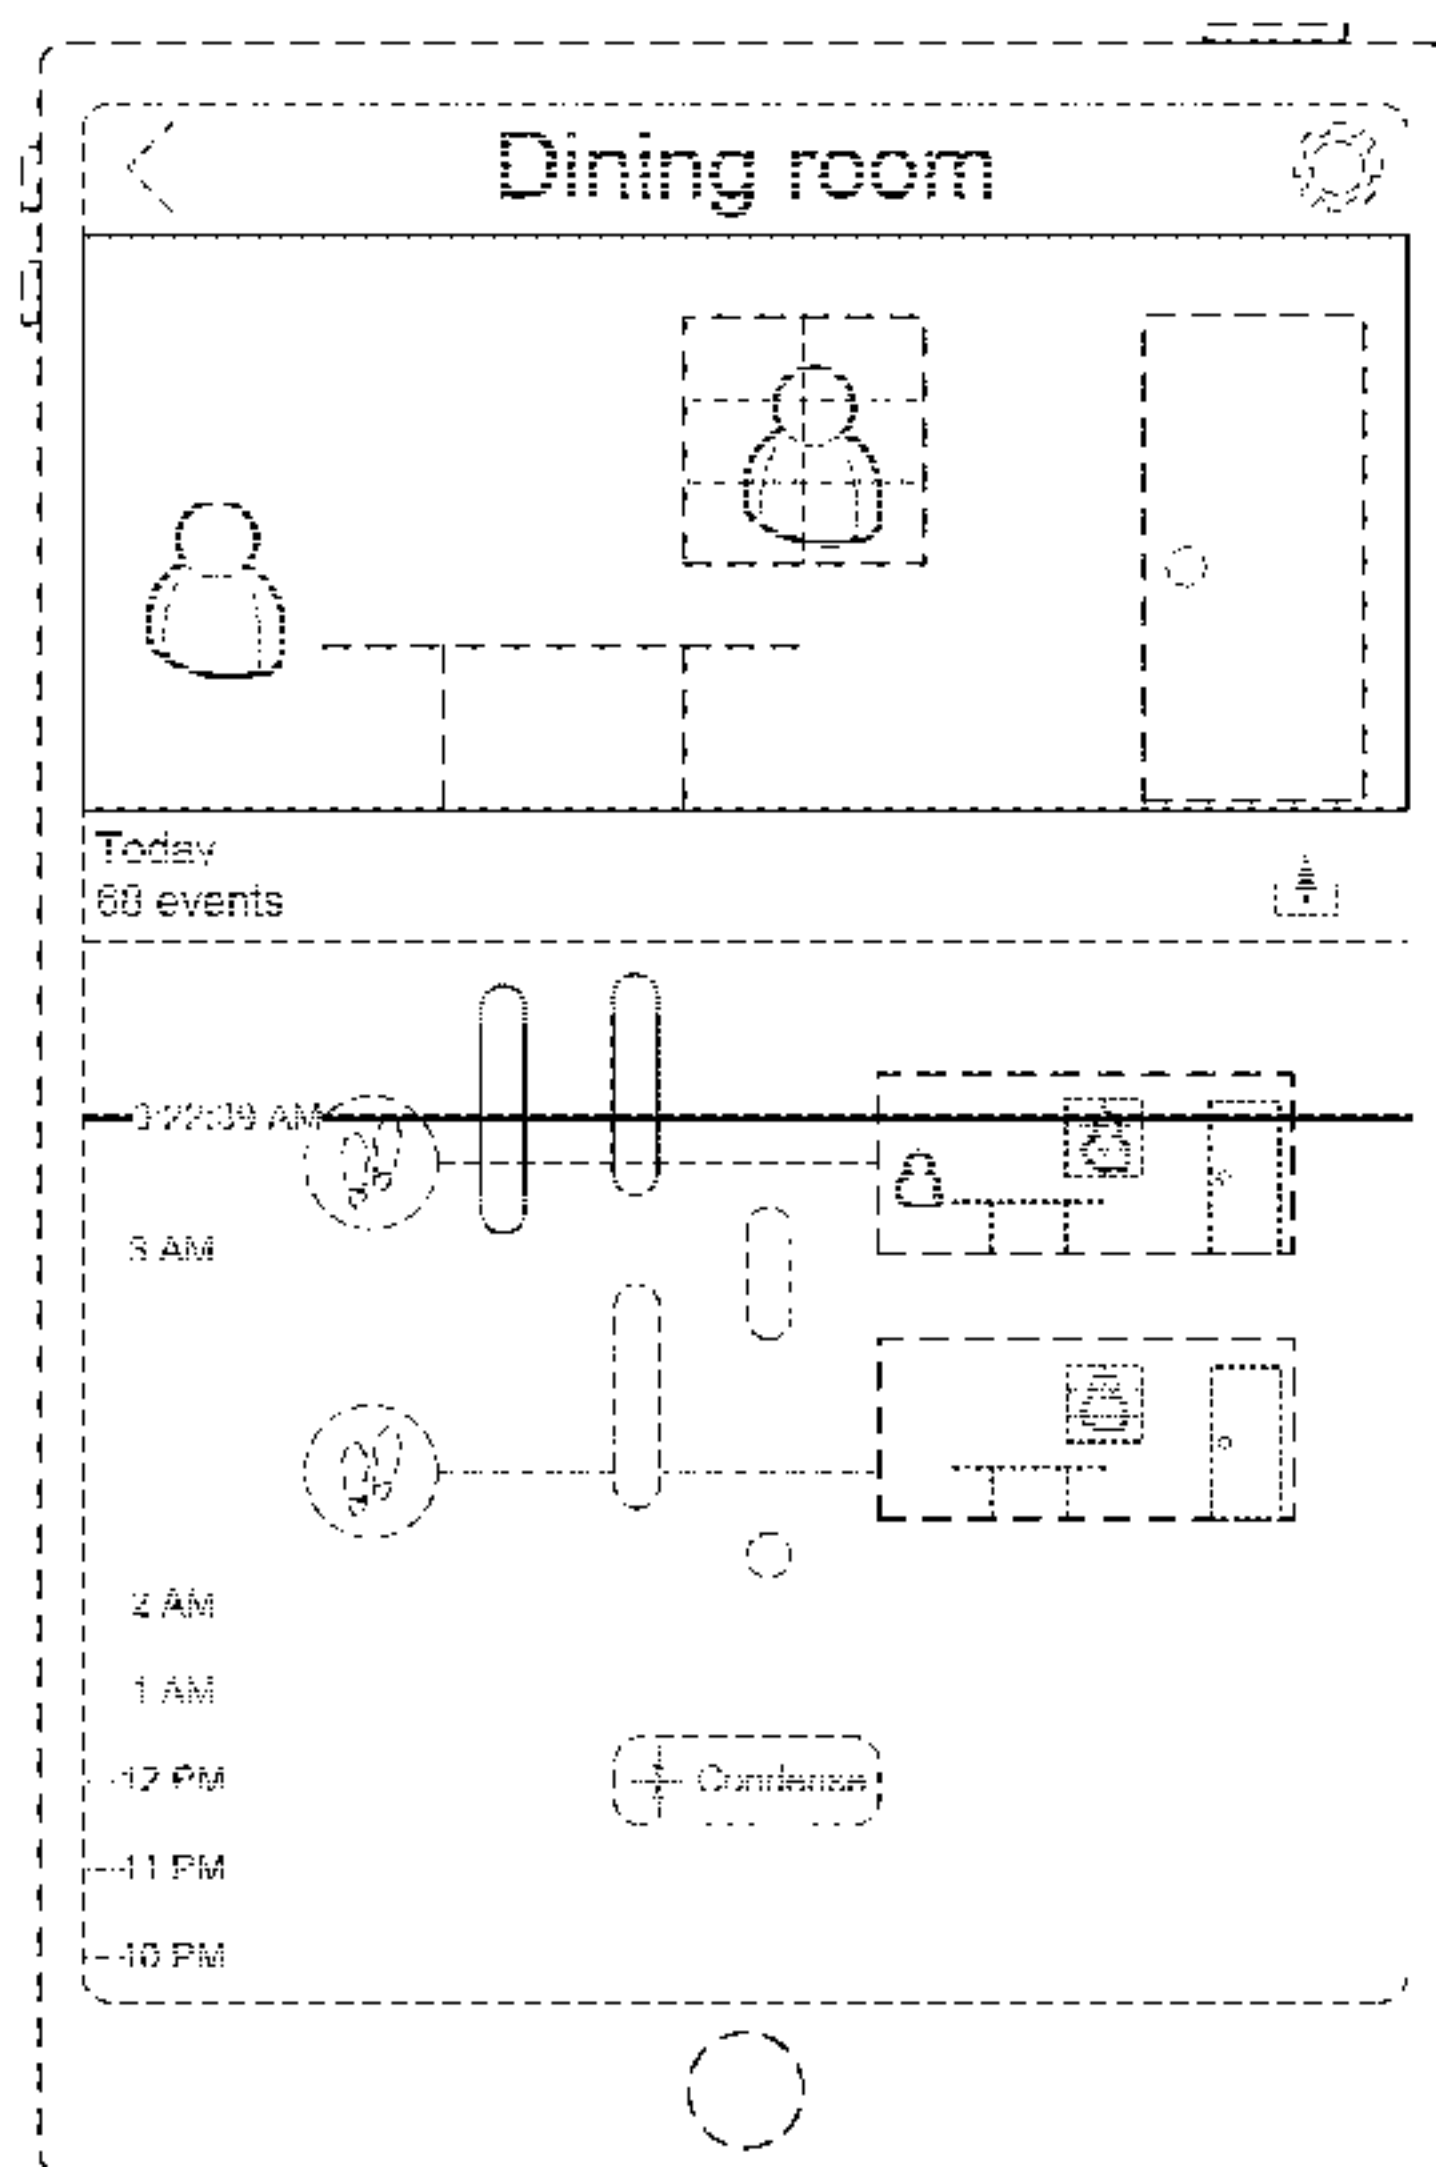

FIG. 2 is the front view portrayed in FIG. 1, with the addition of an oval with broken lines for indicating a portion of the figure.

FIG. 3 is a detailed view of the portion of FIG. 2 that is indicated by the oval with broken lines; and,

FIG. 4 is the detailed view portrayed in FIG. 3, with the addition of four horizontal broken lines for highlighting differences in shape measurements.

The broken lines showing the device are included for the purpose of illustrating environment and form no part of the claimed design. The broken lines showing the display screen, text and all other elements are included for the purpose of illustrating portions of the article and form no part of the claimed design.

1 Claim, 4 Drawing Sheets
