(57) **CLAIM**

The ornamental design for a space vehicle, as shown and
described.

DESCRIPTION

FIG. 1 is a perspective view of a space vehicle according to
the present invention;

FIG. 2 is a front view of a space vehicle according to the
present invention;

FIG. 3 is a rear view of a space vehicle according to the
present invention;

FIG. 4 is a right side view of a space vehicle according to
the present invention;

FIG. 5 is a left side view of a space vehicle according to the
present invention;

FIG. 6 is a top view of a space vehicle according to the
present invention; and,

FIG. 7 is a bottom view of a space vehicle according to the
present invention.
