FIG. 1 is a perspective view of a bucket container with handle of the present invention.
FIG. 2 is a first-side view of the bucket container with handle of the present invention.
FIG. 3 is a second-side view of the bucket container with handle of the present invention.
FIG. 4 is a third-side view of the bucket container with handle of the present invention.
FIG. 5 is a fourth-side view of the bucket container with handle of the present invention.
FIG. 6 is a top plan view of the bucket container with handle of the present invention.
FIG. 7 is a bottom plan view of the bucket container with handle of the present invention.
FIG. 8 is a second perspective view of the bucket container with handle of the present invention; and,
FIG. 9 is a third perspective view of the bucket container with handle of the present invention.
The broken lines in the drawings depict environmental portions that form no part of the claimed design.
