(57) **CLAIM**

The ornamental design for a tire tread, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a tire including the tire tread of the present application taken generally from the front and a first side of the tire;

FIG. 2 is a front view thereof;

FIG. 3 is a side view thereof;

FIG. 4 is an enlarged, partial perspective view thereof taken generally from the front and first side of the tire;

FIG. 5 is an enlarged, partial front view thereof; and

FIG. 6 is an enlarged, partial side view of the first side thereof;

FIG. 7 is a perspective view of a tire including the tire tread of the present application taken generally from the front and a second side of the tire;

FIG. 8 is a side view thereof;

FIG. 9 is an enlarged, partial perspective view thereof taken generally from the front and second side of the tire; and,

FIG. 10 is an enlarged, partial side view of the second side thereof.

The broken lines defining the inner beads and shoulders, and the regions between the broken lines defining the first and second sidewalls, depict subject matter that forms no part of the claimed tire tread design, and are included for the purpose of illustrating the full tire. Likewise, the tire interior forms no part of the claim. The tread pattern is understood to repeat throughout the circumference of the tire.
