(57) **CLAIM**

The ornamental design for an arthroscopic medical instrument, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective enlarged partial view of an arthroscopic medical instrument according to the present invention.

FIG. 2 is a front enlarged partial view of the arthroscopic medical instrument of FIG. 1.

FIG. 3 is a rear enlarged partial view of the arthroscopic medical instrument of FIG. 1.

FIG. 4 is a left side enlarged partial view of the arthroscopic medical instrument of FIG. 1.

FIG. 5 is a right side enlarged partial view of the arthroscopic medical instrument of FIG. 1.

FIG. 6 is a top enlarged partial view of the arthroscopic medical instrument of FIG. 1.

FIG. 7 is a bottom enlarged partial view of the arthroscopic medical instrument of FIG. 1; and,

FIG. 8 is a front perspective view of the arthroscopic medical instrument.

The arthroscopic medical instrument is shown with a symbolic break in its length. The appearance of any portion of the article between the break lines forms no part of the claimed design.

The evenly-spaced broken lines illustrate environment that does not form part of the claim; the dash-dot-dash lines represent claim boundaries and form no part of the claim.

1 Claim, 7 Drawing Sheets
