(57) **CLAIM**

We claim the ornamental design for a minimalist wallet for storing and protecting RFID cards, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of the minimalist wallet for storing and protecting RFID cards;  
FIG. 2 is a left-side elevational view of the minimalist wallet for storing and protecting RFID cards;  
FIG. 3 is a right side elevational view of the minimalist wallet for storing and protecting RFID cards;  
FIG. 4 is a rear elevational view of the minimalist wallet for storing and protecting RFID cards;  
FIG. 5 is a bottom plan view of the minimalist wallet for storing and protecting RFID cards;  
FIG. 6 is a top plan view of the minimalist wallet for storing and protecting RFID cards;  
FIG. 7 is a first isometric view of the minimalist wallet for storing and protecting RFID cards from a vantage that shows primarily the front, left side and bottom of the device;  
FIG. 8 is a second isometric view of the minimalist wallet for storing and protecting RFID cards from a vantage that shows primarily the front, left side and bottom of the device;  
FIG. 9 is a third isometric view of the minimalist wallet for storing and protecting RFID cards from a vantage that shows primarily the front, left side and bottom of the device;  
FIG. 10 is fourth isometric view of the minimalist wallet for storing and protecting RFID cards from a vantage that shows primarily the front and left side of the device;  
FIG. 11 is a fifth isometric view of the minimalist wallet for storing and protecting RFID cards from a vantage that shows primarily the front, right side and top of the device;  
FIG. 12 is a sixth isometric view of the minimalist wallet for storing and protecting RFID cards from a vantage that shows primarily the rear, right side and bottom of the device;  
FIG. 13 is a seventh isometric view of the minimalist wallet for storing and protecting RFID cards from a vantage that shows primarily the front and right side of the device;  
FIG. 14 is an eighth isometric view of the minimalist wallet for storing and protecting RFID cards from a vantage that shows primarily the right side of the device;

(Continued)

FIG. 15 is a ninth isometric view of the minimalist wallet for storing and protecting RFID cards from a vantage that shows primarily the front, top and right side of the device; and, FIG. 16 is a tenth isometric view of the minimalist wallet for storing and protecting RFID cards from a vantage that shows primarily the rear, bottom and left side of the device.
