(57) **CLAIM**

The ornamental design for a display screen having an icon, as shown and described.

**DESCRIPTION**

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyrights whatsoever. The patent or patent application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

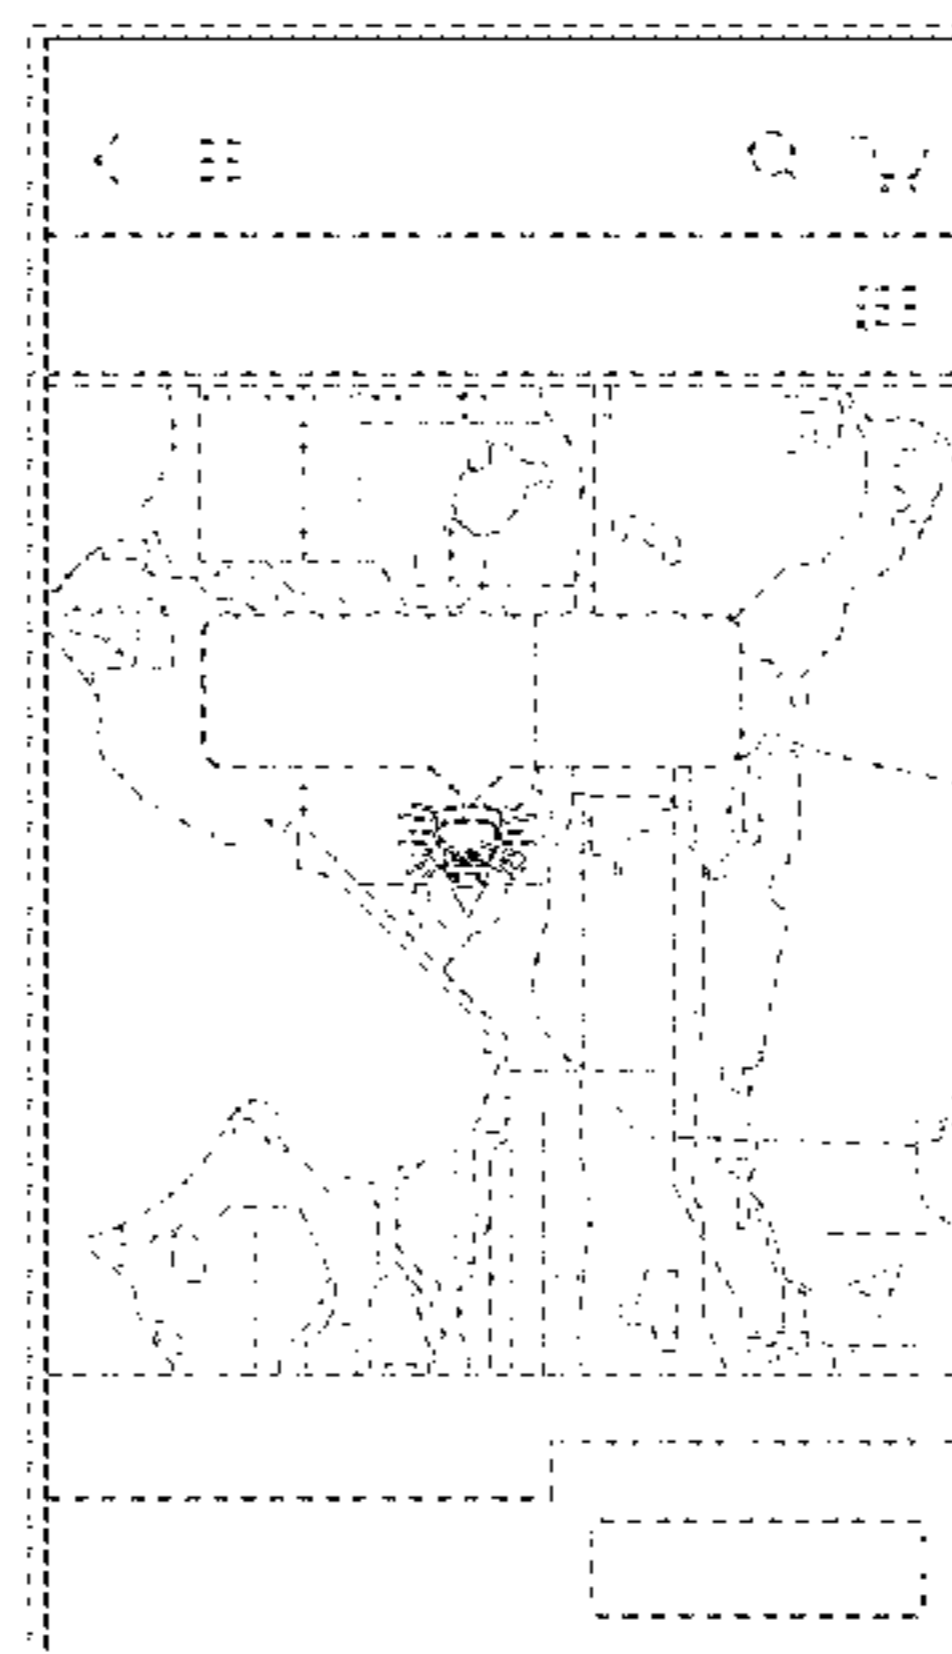

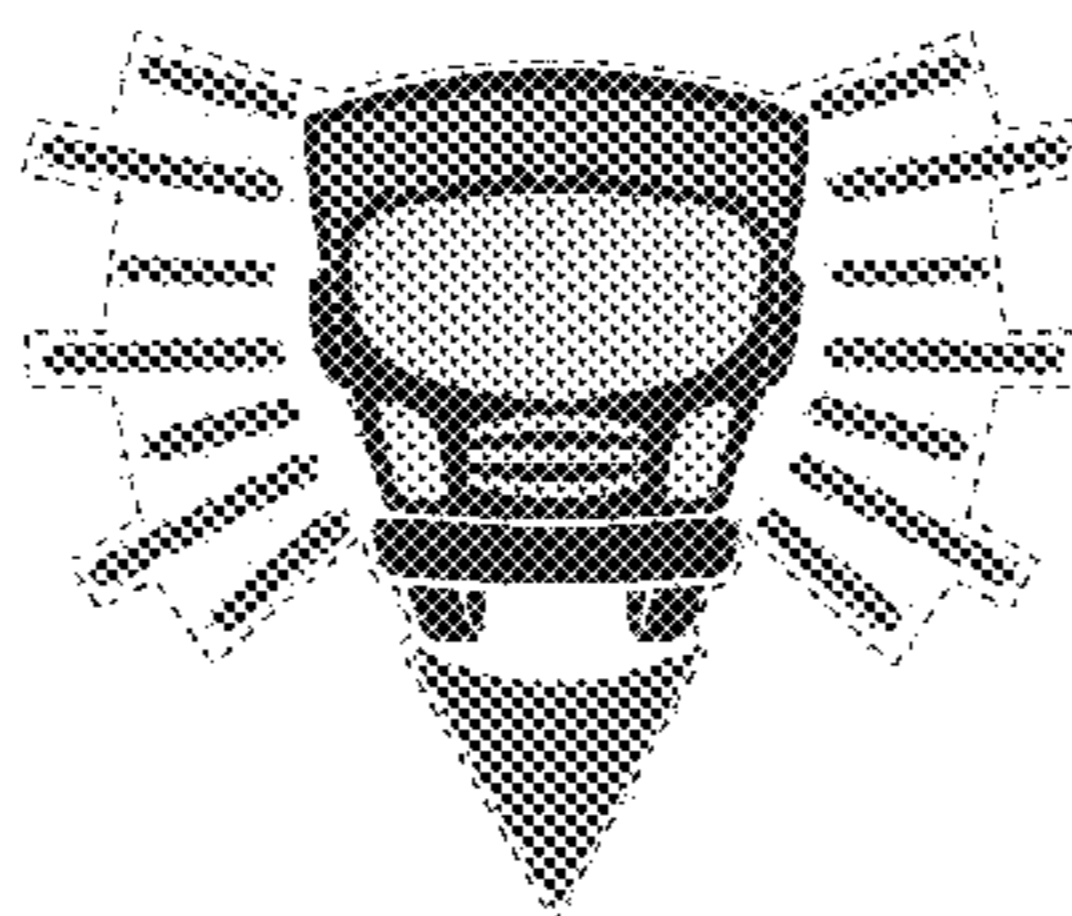

FIG. 1 is a front view of a first embodiment of a display screen having an icon.

FIG. 2 is a front view of a second embodiment of a display screen having an icon; and,

FIG. 3 is a front view of a third embodiment of a display screen having an icon.

The outermost broken line showing the display screen in all the figures and all the broken lines shown in FIG. 3 are included for the purposes of illustrating portions of the article that form no part of the claimed design.
