(57) **CLAIM**

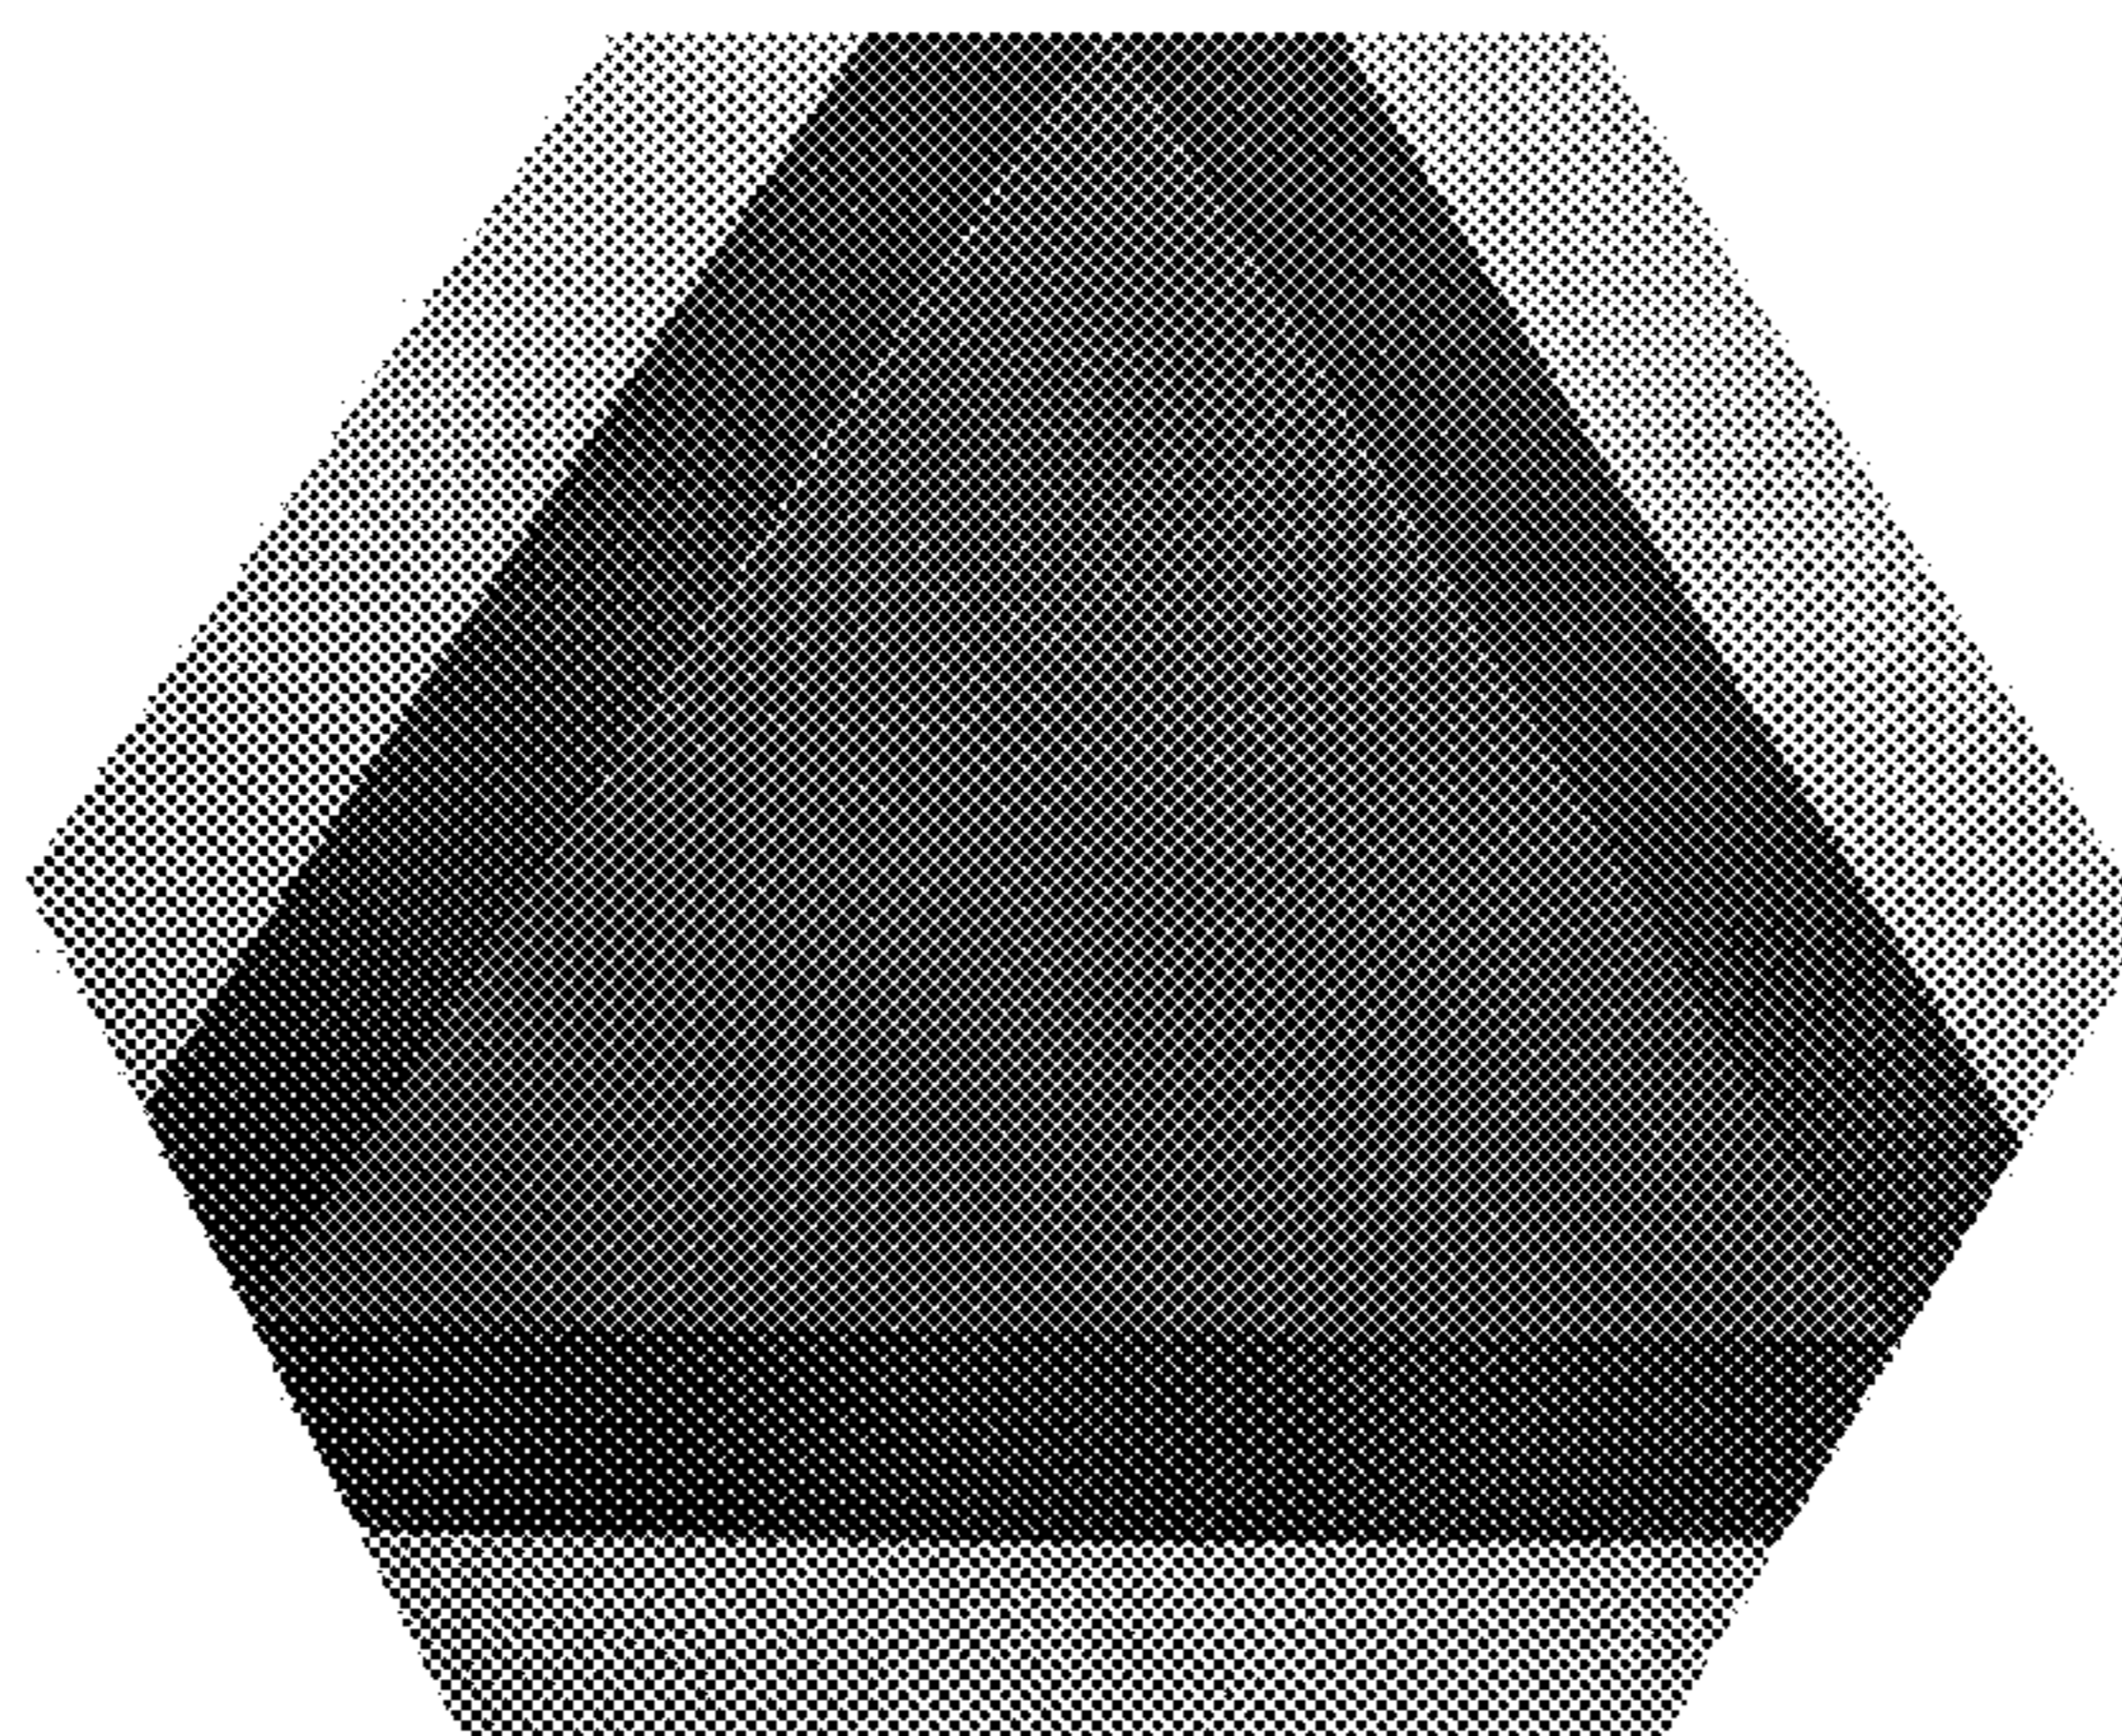

The ornamental design for cautionary signage, substantially as shown and described above.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawings will be provided by the Office upon request and payment of the necessary fee.

The sole FIGURE shows a front elevation view of cautionary signage embodying the present invention, the back, top, bottom, and side portions forming no portion of the claimed design.
