(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

The sole FIGURE shows a display screen or portion thereof with graphical user interface showing our new design.

The peripheral dashed broken lines illustrate a display screen or portion thereof, and form no part of the claimed design. The dashed broken lines within the peripheral dashed broken line illustrate portions of the graphical user interface which form no part of the claimed design. The dot-dash broken lines illustrate a boundary which forms no part of the claimed design and the portions within the dot-dash broken line form no part of the claimed design.
