(57) **CLAIM**

The ornamental design for a display screen with graphical user interface for practice workflow management, as shown and described.

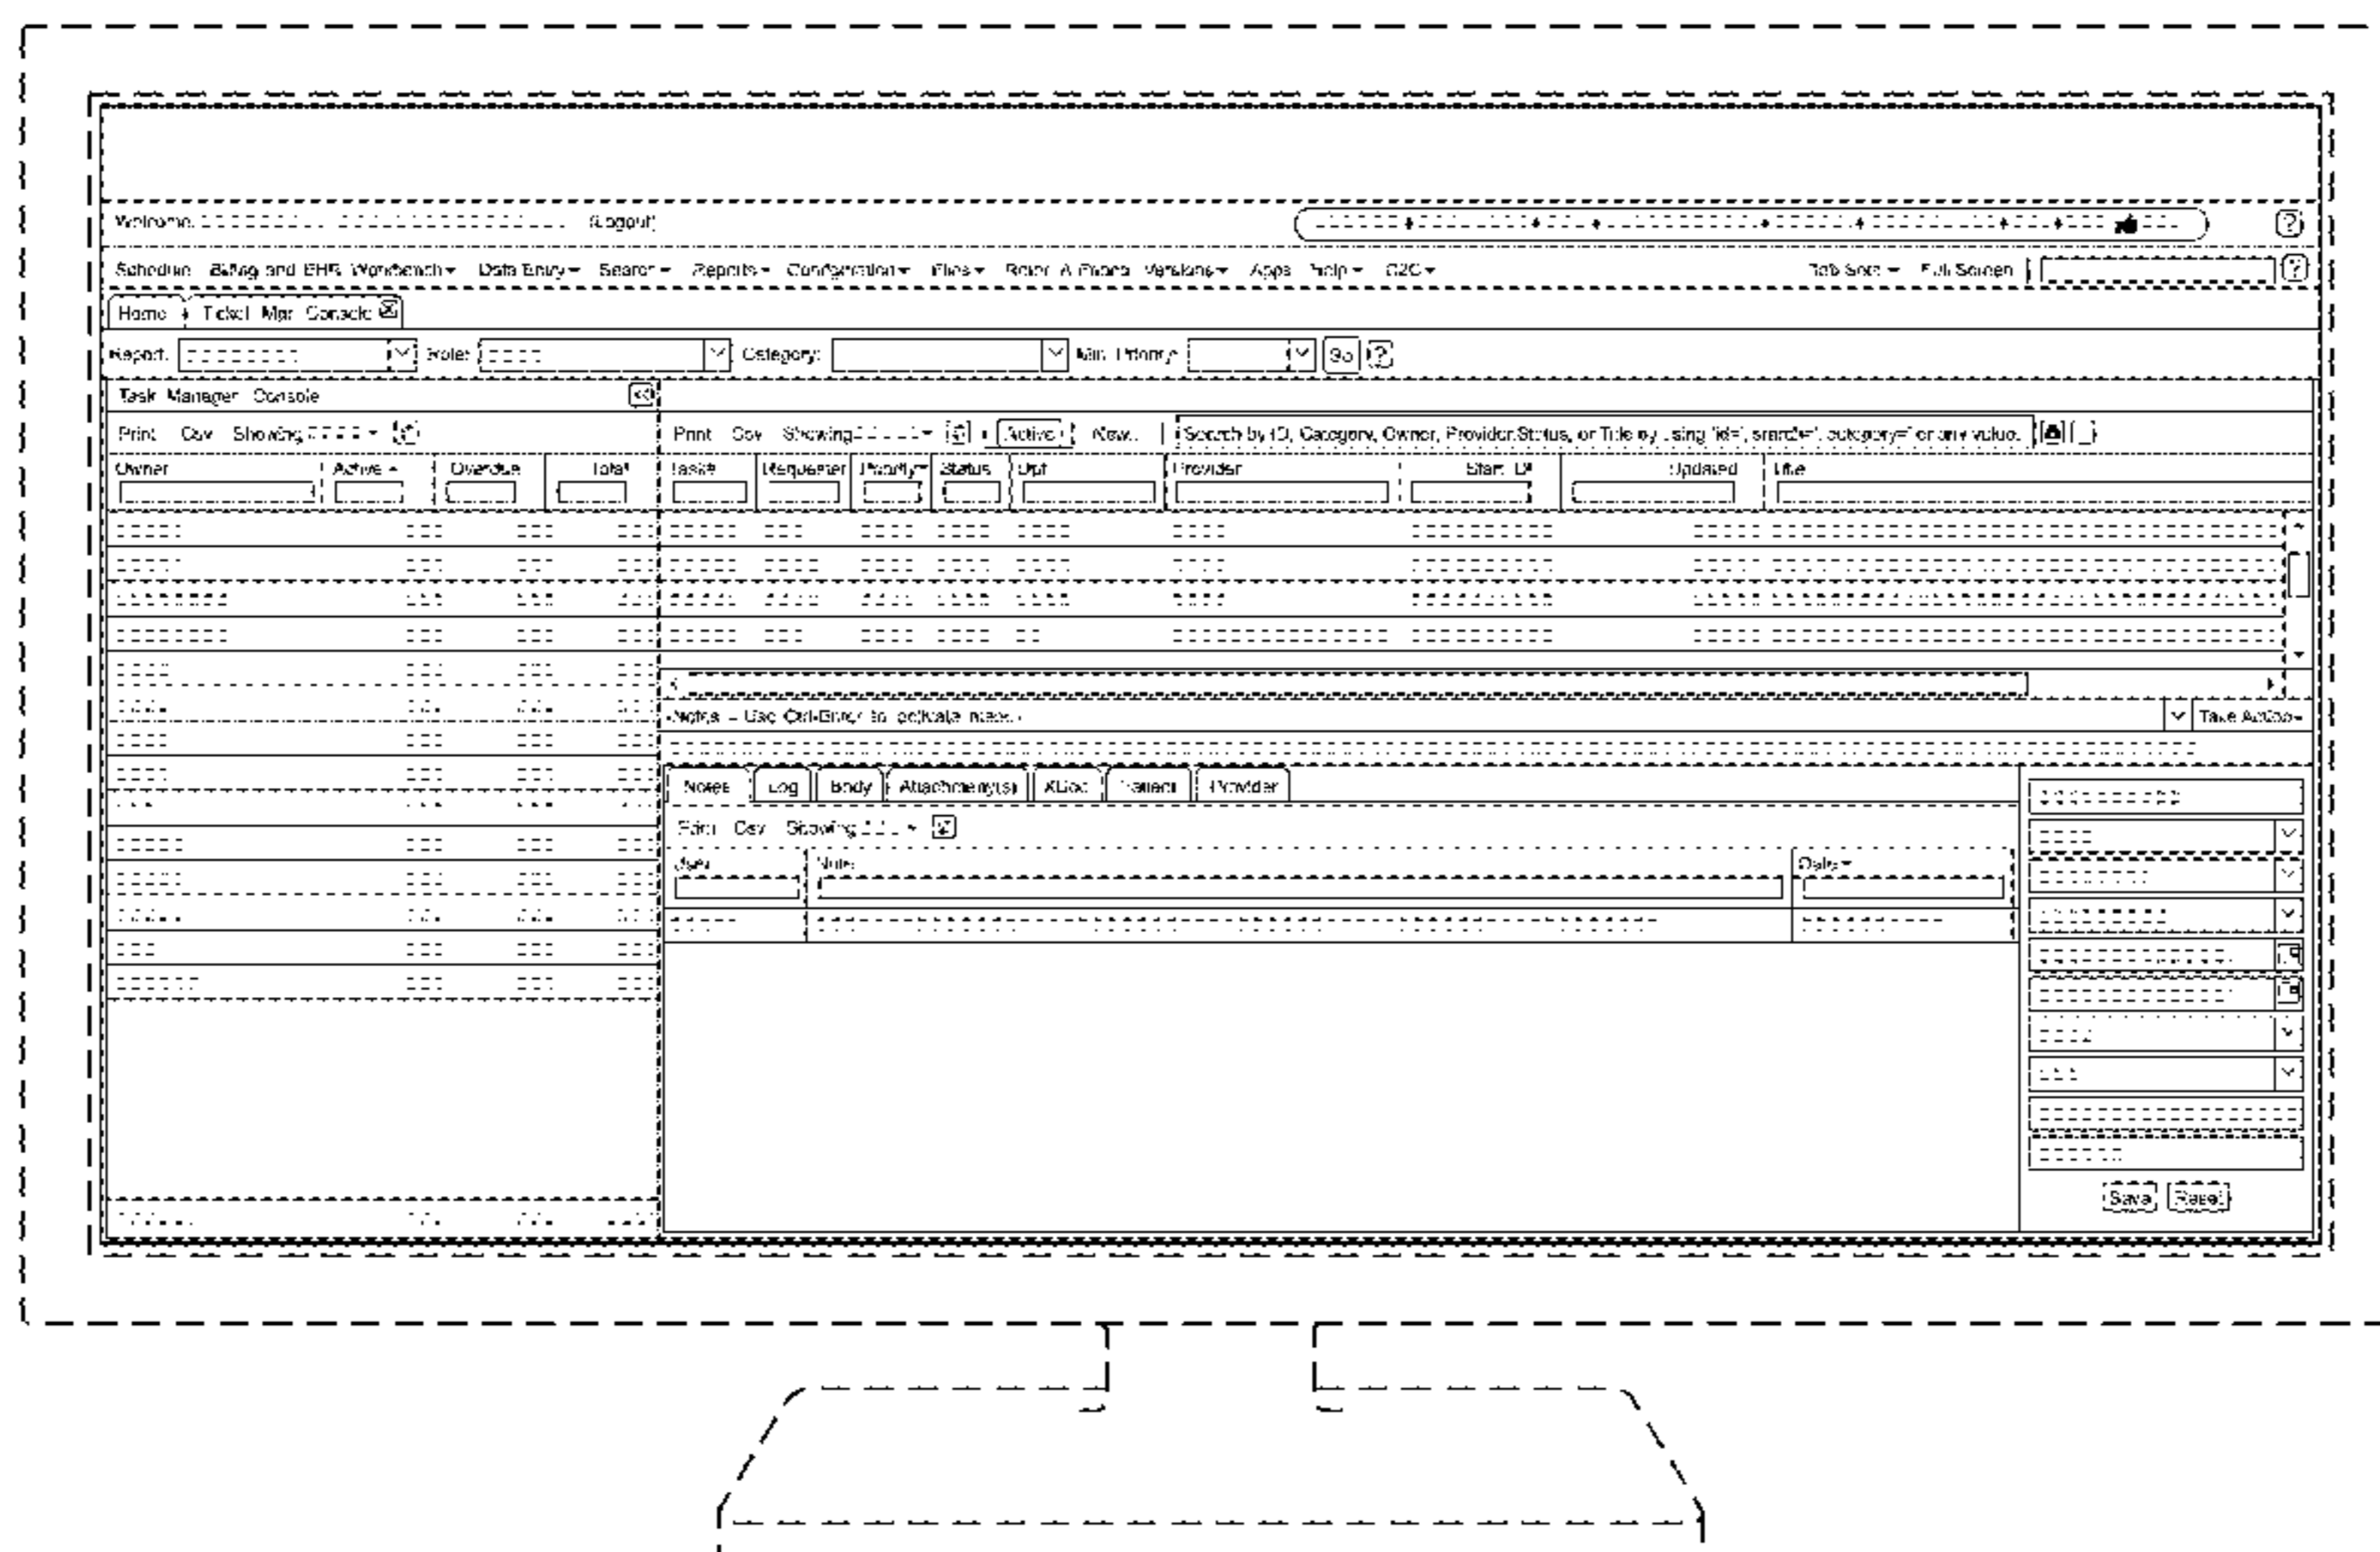

DESCRIPTION

The FIGURE is a front view of display screen with graphical user interface for practice workflow management.

The outermost broken line rectangle showing of the display screen and all other broken lines showing portions of the display screen with graphical user interface for practice workflow management are included for the purpose of illustrating portions of the article and form no part of the claimed design.

The design is directed towards a physical article as shown and described.

1 Claim, 1 Drawing Sheet
