(57) **CLAIM**

The ornamental design for a digital camera display panel with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image of a digital camera display panel with transitional graphical user interface; FIG. 2 is an enlarged front view of the first image thereof; FIG. 3 is an enlarged front view of a second image thereof; FIG. 4 is an enlarged front view of a third image thereof; and,

FIG. 5 is an enlarged front view of a fourth image thereof. The appearance of the image transitions sequentially between images shown in FIGS. 2-5.

The process or period in which an image transitions to another of the embodiment forms no part of the claimed design.

The broken lines are for depicting the environment and do not form part of the claimed design.

1 Claim, 5 Drawing Sheets
