(57) **CLAIM**

The ornamental design for a video player display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a video player display screen or portion thereof with graphical user interface showing a first image of my new design;

FIG. 2 is a second image thereof; and,

FIG. 3 is a third image thereof.

The subject matter in this patent includes a process or period in which an image changes into another image. This process or period forms no part of the claimed design.

The broken lines illustrate portions of the video player display screen or portion thereof with graphical user interface that form no part of the claimed design.
