(57) **CLAIM**

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a side perspective view of a tire showing our new design, it being understood that the tread pattern is repeated throughout the circumference of the tire;

FIG. 2 is a front elevational view thereof, it being understood that the tread pattern is repeated throughout the circumference of the tire;

FIG. 3 is an enlarged fragmentary front elevational view thereof;

FIG. 4 is a side elevational view of the right side thereof; and,

FIG. 5 is a side elevational view of the left side thereof.

The broken lines shown in the drawings depict portions of the article that form no part of the claim.

1 Claim, 5 Drawing Sheets
