(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a first image in a sequence of a display screen with animated graphical user interface, showing our new design; FIG. 2 is a second image thereof; FIG. 3 is a third image thereof; FIG. 4 is a fourth image thereof; FIG. 5 is a fifth image thereof; and, FIG. 6 is a sixth image thereof.

The appearance of the image transitions between the images shown in FIGS. 1-6. The process or period in which an image transitions to another image forms no part of the claimed design.

The broken lines of uneven length show the display screen and form no part of the claimed design. The broken lines of even length, including the broken line showing of an icon in FIGS. 3-5, illustrate portions of the display screen with graphical user interface that form no part of the claimed design.

The stippled shading illustrates a contract of appearance.

1 Claim, 6 Drawing Sheets
