(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

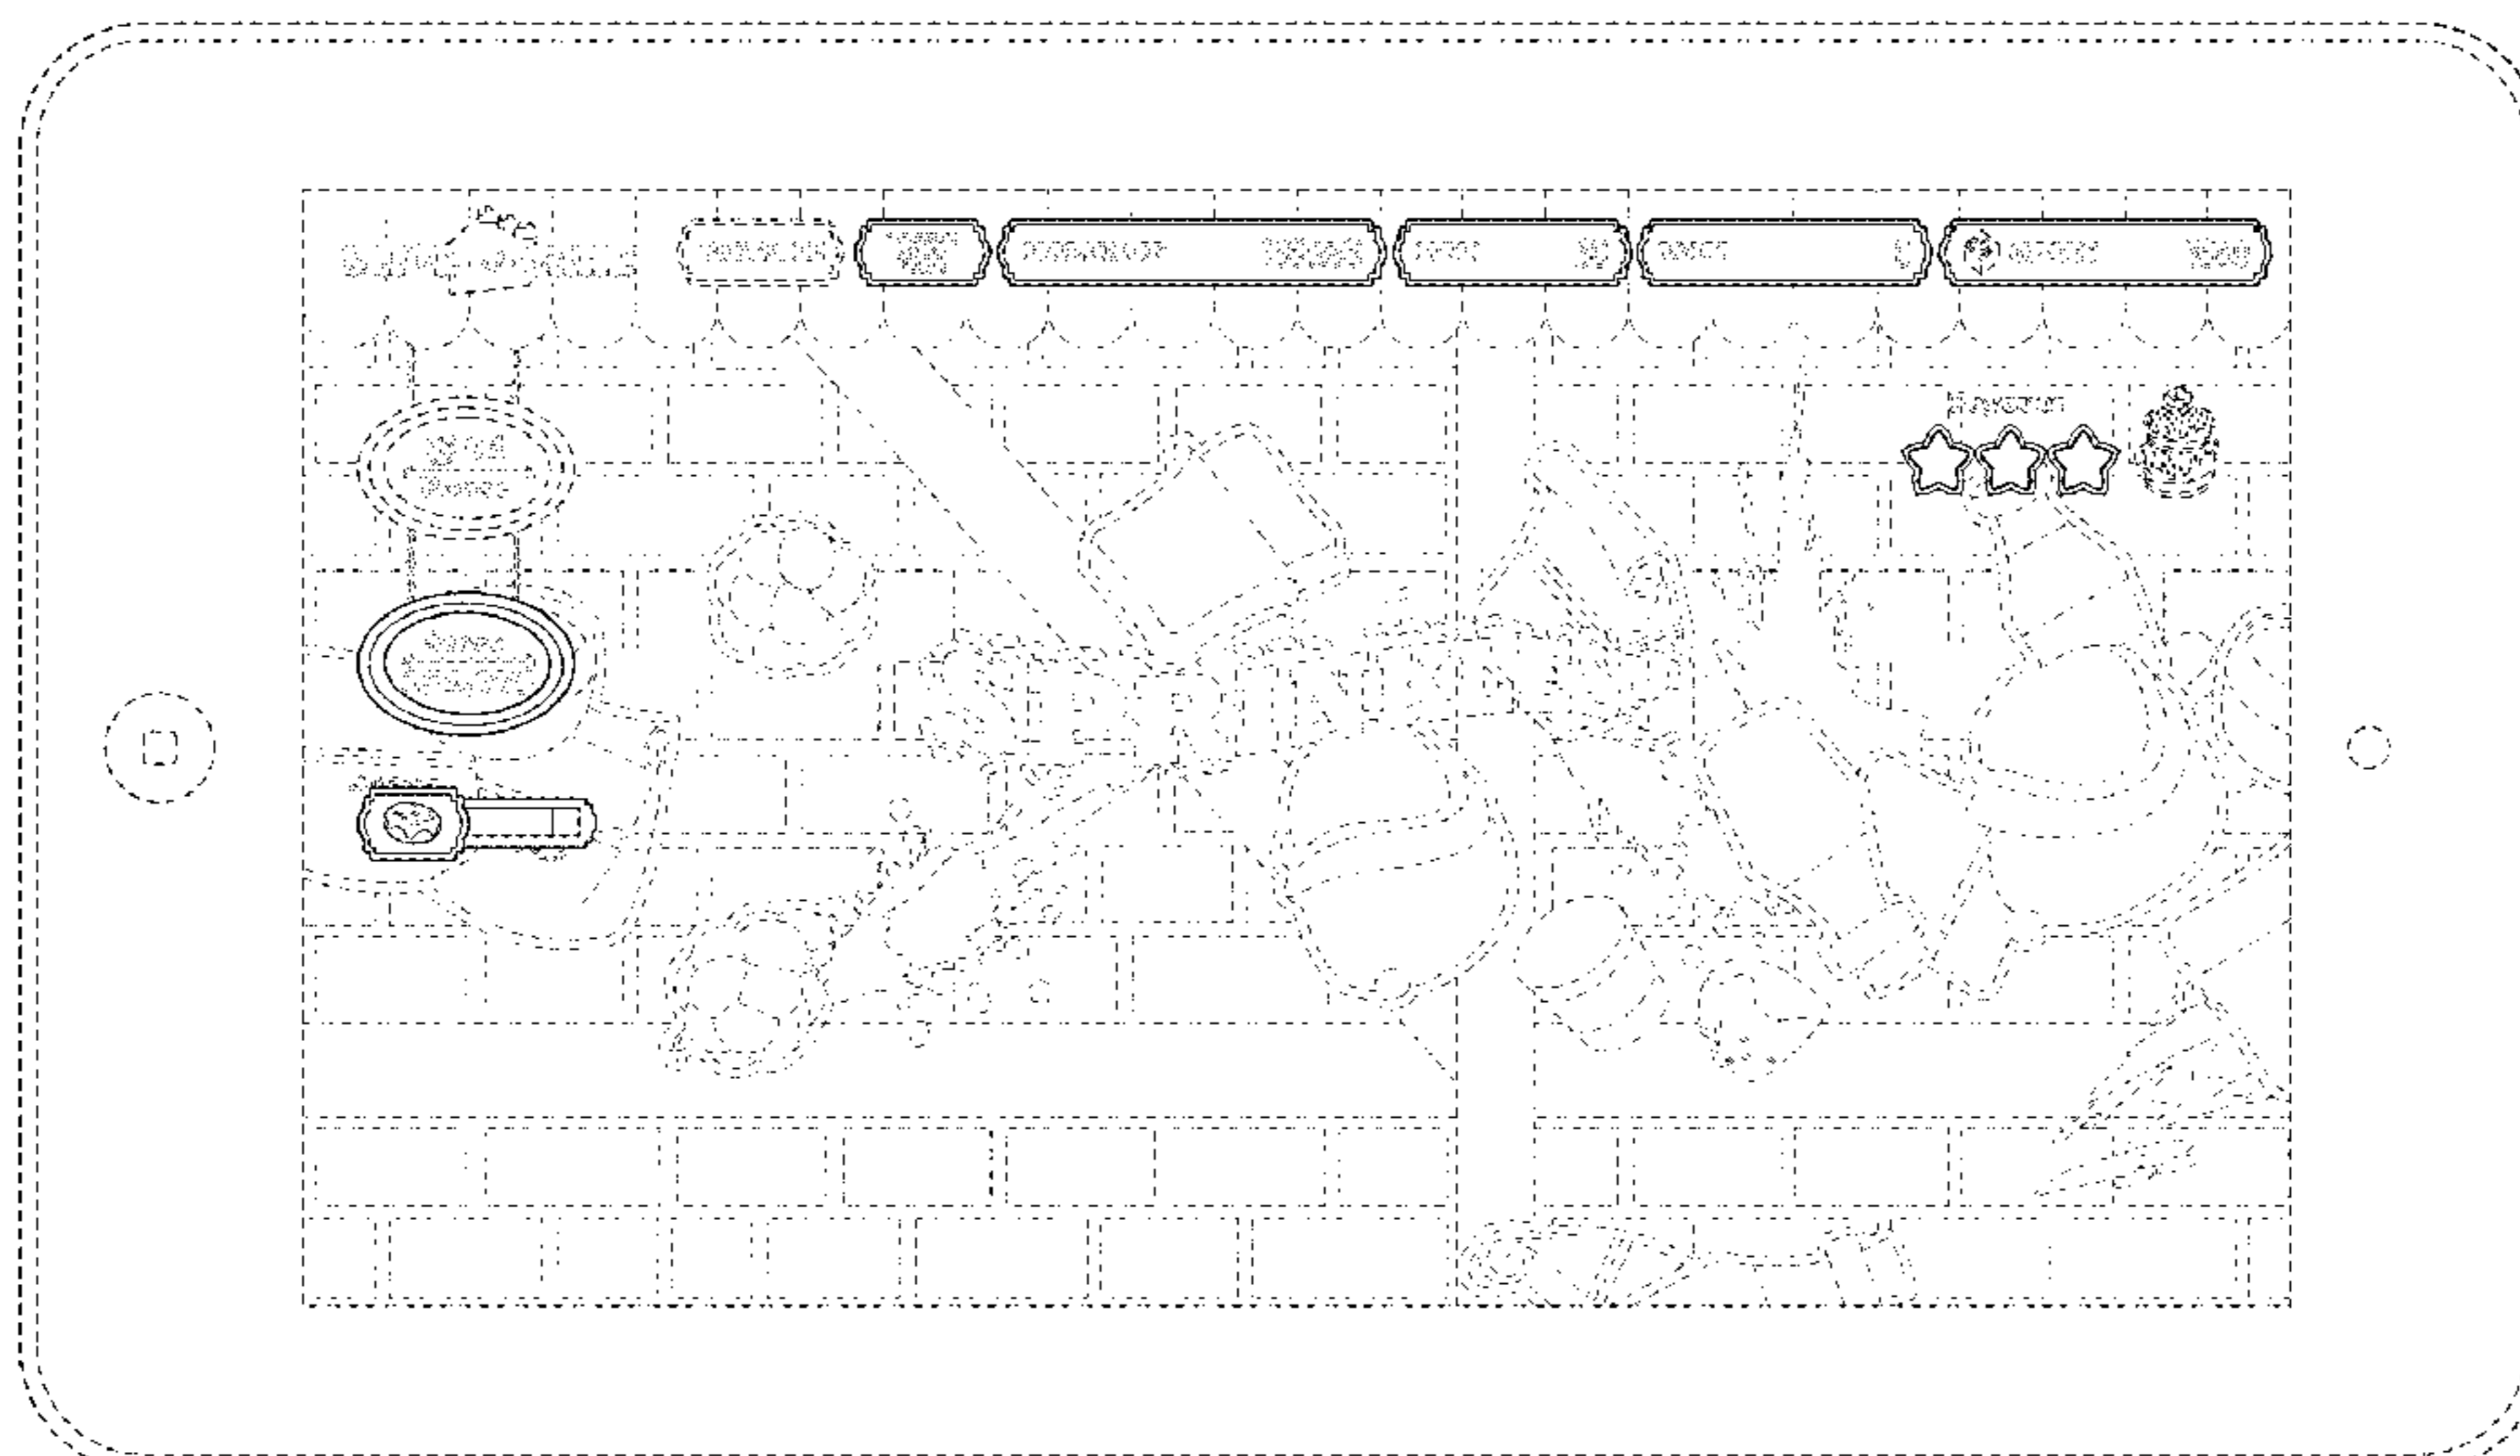

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface, showing a first embodiment of our new design; and,

FIG. 2 is a front view of a display screen with graphical user interface, showing a second embodiment thereof.

The horizontally-aligned sharp-cornered broken-line rectangle illustrates a display screen. The broken lines outside this rectangle illustrate an electronic device as the environment of the display screen. The broken lines within the rectangle illustrate portions of a graphical user interface. The broken lines form no part of the claimed design.
