(57) **CLAIM**
 The ornamental design for a reversible half-short medical garment, as shown and described.

DESCRIPTION

FIG. 1 is a top right side perspective view of a reversible half-short medical garment.
 FIG. 2 is a front elevation view of the reversible half-short medical garment.
 FIG. 3 is a rear elevation view of the reversible half-short medical garment.
 FIG. 4 is a left side elevation view of the reversible half-short medical garment.
 FIG. 5 is a right side elevation view of the reversible half-short medical garment.
 FIG. 6 is a top plan view of the reversible half-short medical garment.
 FIG. 7 is a bottom plan view of the reversible half-short medical garment.
 FIG. 8 top right side perspective view of the reversible half-short medical garment in a first reversible configuration.
 FIG. 9 top left side perspective view of the reversible half-short medical garment in a second reversible configuration.
 FIG. 10 is a top right perspective view of the reversible half-short medical garment with a portion thereof shown in a bunched position as illustrated on a human model; and, FIG. 11 is a top right perspective view of the reversible half-short medical garment with a waistband thereof shown in an open position as illustrated on a human model.
 The dotted lines illustrate stitching and do not form part of the claimed design. The dashed lines illustrate a human model and do not form part of the claimed design. The stippling on FIGS. 8 and 9 is used to designate a particular
