(57) **CLAIM**

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire, showing our new design;

FIG. 2 is a front elevation view thereof, with the rear view being identical thereof, it being understood that the tread pattern is repeated throughout the circumference of the tire;

FIG. 3 is a left side elevation view thereof, with the right side view being identical thereof; and,

FIG. 4 is an enlarged fragmentary front elevation view of FIG. 2, showing a portion thereof.

In the drawings, the broken lines depict portions of the tire that form no part of the claimed design.

The portions depicted in broken “dot-dash” lines mark the boundaries of the enlarged view shown in FIG. 4. The “dot-dash” line in FIGS. 2 and 4 is included solely to indicate the enlarged view in FIG. 4 and forms no part of the claimed design.
