(57) **CLAIM**

The ornamental design for a reflective LED strip, as shown and described.

DESCRIPTION

This application is related to another application Ser. No. 29/665,352 entitled Reflective LED Strip, naming Matthew John, as an inventor. That application is incorporated by reference in its entirety.

FIG. **1** is a perspective view of the reflective LED strip, illustrating my new design;

FIG. **2** is a top plan view of the reflective LED strip;

FIG. **3** is a right side elevational view of the reflective LED strip;

FIG. **4** is a left side elevational view of the reflective LED strip;

FIG. **5** is a rear elevational view of the reflective LED strip; and,

FIG. **6** is a front elevational view of the reflective LED strip.

The bottom of the reflective LED strip is flat and unornamented. In the drawing figures, the broken lines adjacent to shaded areas illustrate the bounds of the claimed design, while other broken lines illustrate environmental structure. Structure illustrated in broken lines forms no part of the claim.
