(57) **CLAIM**

The ornamental design for a scarf with tapered extremities having snap closures, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a scarf with tapered extremities having snap closures showing my new design.

FIG. 2 is a left-side view thereof.

FIG. 3 is a right-side view thereof.

FIG. 4 is a bottom view thereof, with the scarf having an opened section in the mid-area between the extended right and left tapered extremities.

FIG. 5 is a top view thereof.

FIG. 6 is a front view thereof.

FIG. 7 is a rear view thereof.

FIG. 8 is a front perspective view of the scarf with tapered extremities having snap closures as shown with the scarf in a wrapped position around the user neck and over the head; the right and left tapered extremity snap closures are in a snapped and closed position.

FIG. 9 is an enlarged partial rear view thereof;

FIG. 10 is a front view of the scarf with tapered extremities having snap closures as shown with the scarf in a wrapped position around the user neck; the right and left tapered extremity snap closures are in a snapped and closed position; and,

FIG. 11 is an enlarged rear view of the scarf with tapered extremities having snap closures as shown with the scarf in a wrapped position around the user neck; the right and left tapered extremity snap closures are in a snapped and closed position.

The partial human figure illustrated by broken lines depicts the scarf with tapered extremities having snap closures in a position of use and forms no part of the claimed design. The dot dash dot broken line is the unclaimed boundary of the detail view, FIG. 9. The broken lines on the snap closures depict features of the article that form no part of the claimed design. All other broken lines and unshaded areas within them illustrate portions of the article that form no part of the claimed design.
