(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIGURE is a front view of a display screen with graphical user interface showing our new design. The outermost broken line broken rectangle showing an electronic device illustrates environmental structure and forms no part of the claimed design. The second inner broken line rectangle showing the display screen, and all other broken lines showing text and portions of the graphical user interface form no part of the claimed design.
