(57) **CLAIM**

I claim the ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with a graphical user interface showing a first embodiment of my new design;

FIG. 2 is a front view of a display screen with a graphical user interface showing a second embodiment of my new design;

FIG. 3 is a front view of the display screen with graphical user interface of FIG. 1 shown with additional broken line subject matter.

FIG. 4 is a front view of the display screen with a graphical user interface showing a third embodiment of my new design;

FIG. 5 is a front view of a display screen with a graphical user interface showing a fourth embodiment of my new design; and,

FIG. 6 is a front view of the display screen with graphical user interface of FIG. 4 shown with additional broken line subject matter.

The outermost set of broken lines and the broken line showing of rounded shapes, icons, text, numbers and symbols illustrate an electronic device, the broken line at the periphery of the graphical user interface illustrates the display screen, and the broken line showing of alphanumeric characters (excluding the word “Slips”) illustrates portions of the graphical user interface. None of the broken lines form part of the claimed design.
