(57) **CLAIM**

The ornamental design for a magnetic electrical circuit breaker panel overlay, as shown and described.

**DESCRIPTION**

FIG. 1 is a front-right perspective view illustrating my design for a magnetic electrical circuit breaker panel overlay comprising outer and inner panel portions disposed in an overlaying relation with a circuit breaker panel. FIG. 2 is a perspective, exploded view thereof. FIG. 3 is a front-left perspective view of the magnetic electrical circuit breaker panel overlay. FIG. 4 is a front view thereof. FIG. 5 is a rear view thereof. FIG. 6 is a top view thereof. FIG. 7 is a left side view thereof. FIG. 8 is a right side view thereof. FIG. 9 is a bottom view thereof. FIG. 10 is a top view of the inner panel portion of the magnetic electrical circuit breaker panel overlay shown separately to show portions not visible in the other views. FIG. 11 is a left side view of the inner panel portion of the magnetic electrical circuit breaker panel overlay. FIG. 12 is a front view of the inner panel portion of the circuit breaker panel overlay. FIG. 13 is a right side view of the inner panel portion of the magnetic electrical circuit breaker panel overlay; and, FIG. 14 is a bottom view of the inner panel portion of the magnetic electrical circuit breaker panel overlay. The broken lines shown in FIGS. 1 and 2 are included for purposes of illustrating use and environment only, and form no part of the claimed design.
