(Continued)

FIG. 1 is a perspective view of a tire including the tire tread of the present application taken generally from the front and a first side of the tire;

FIG. 2 is a front view thereof;

FIG. 3 is side view thereof;

FIG. 4 is an enlarged, partial perspective view thereof;

FIG. 5 is an enlarged, partial front view thereof; and,

FIG. 6 is an enlarged, partial side view thereof.

The broken lines representing the inner beads and shoulders adjacent the tread, and the region between the broken lines defining the first and second sidewalls, depict subject matter that forms no part of the claimed tire tread design, and are included for the purpose of illustrating the full tire. Likewise, the tire interior forms no part of the claim. The tread pattern is understood to repeat throughout the circumference of the tire. The other (second) side view is identical to the first side view of FIG. 3.

1 Claim, 6 Drawing Sheets
