(57) **CLAIM**

The ornamental design for an intercommunication device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an intercommunication device showing my new design;
FIG. 2 is a right side elevational view of the intercommunication device of FIG. 1;
FIG. 3 is a left side elevational view of the intercommunication device of FIG. 1;
FIG. 4 is a front elevational view of the intercommunication device of FIG. 1;
FIG. 5 is a rear elevational view of the intercommunication device of FIG. 1;
FIG. 6 is a top plan view of the intercommunication device of FIG. 1; and,
FIG. 7 is a bottom plan view of the intercommunication device of FIG. 1.
The broken lines shown in the drawings illustrate portions of the intercommunication device that form no part of the claimed design.
