(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof showing the first image of a sequence of the animated

graphical user interface, wherein the images shown in de-emphasized and half-tone portions inside the dash boundary lines form no part of the claimed invention, but are instead included to show environmental aspects of the claimed invention;

FIG. 2 is a front view of the display screen or portion thereof showing the second image of the sequence of FIG. 1;

FIG. 3 is a front view of the display screen or portion thereof showing the third image of the sequence of FIG. 1;

FIG. 4 is a front view of the display screen or portion thereof showing the fourth image of the sequence of FIG. 1;

FIG. 5 is a front view of the display screen or portion thereof showing the fifth image of the sequence of FIG. 1;

FIG. 6 is a front view of the display screen or portion thereof showing the sixth image of the sequence of FIG. 1;

FIG. 7 is a front view of the display screen or portion thereof showing the seventh image of the sequence of FIG. 1;

FIG. 8 is a front view of the display screen or portion thereof showing the eighth image of the sequence of FIG. 1;

FIG. 9 is a front view of the display screen or portion thereof showing the ninth image of the sequence of FIG. 1;

FIG. 10 is a front view of the display screen or portion thereof showing the tenth image of the sequence of FIG. 1;

FIG. 11 is a front view of the display screen or portion thereof showing the eleventh image of the sequence of FIG. 1;

FIG. 12 is a front view of the display screen or portion thereof showing the twelfth image of the sequence of FIG. 1;

FIG. 13 is a front view of the display screen or portion thereof showing the thirteenth image of the sequence of FIG. 1;

FIG. 14 is a front view of the display screen or portion thereof showing the fourteenth image of the sequence of FIG. 1;

FIG. 15 is a front view of the display screen or portion thereof showing the fifteenth image of the sequence of FIG. 1; and,

FIG. 16 is a front view of the display screen or portion thereof showing the sixteenth image of the sequence of FIG. 1.

FIGS. 1-16 depict a sequence of images for a display screen or portion thereof with animated graphical user interface showing our new design. The appearance of the transitional

(Continued)

image sequentially transitions between the images of the sequences shown in FIGS. 1-16. The process or period in which one image transitions to another forms no part of the claimed design. The dash-dash broken lines showing a display screen or portion thereof form no part of the claimed design. The dash-dot broken lines show a boundary. The images shown in de-emphasized and half-tone inside of the boundary lines and the boundary lines themselves form no part of the claimed design.
