(57) **CLAIM**

The ornamental design for a set of legs of a self-stabilizing trestle, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of a set of legs of a self-stabilizing trestle showing my new design; FIG. 2 is a front view thereof, and the rear view would be identical to the front view; FIG. 3 is a left side view thereof, and the right side view would be identical to the left side view; FIG. 4 is a top view thereof; FIG. 5 is a top view of one of the four identical legs of the set of legs of the self-stabilizing trestle of FIG. 1; FIG. 6 is a left side view thereof; FIG. 7 is a front view thereof; FIG. 8 is a right side view thereof; FIG. 9 is a rear view thereof; FIG. 10 is a bottom view thereof; FIG. 11 is a perspective view of a second embodiment of a set of legs of a self-stabilizing trestle, showing my new design; FIG. 12 is a front view thereof, and the rear view would be identical to the front view; FIG. 13 is a left side view thereof, and the right side view would be identical to the left side view; FIG. 14 is a top view thereof; FIG. 15 is a top view of one of the four identical legs of the set of legs of the self-stabilizing trestle of FIG. 11; FIG. 16 is a left side view thereof; FIG. 17 is a front view thereof; FIG. 18 is a right side view thereof; FIG. 19 is a rear view thereof; and, FIG. 20 is a bottom view thereof.

In FIGS. 5-10 and 15-20, only one of the legs is shown for convenience of illustration.

The broken lines shown in the Figures are included for the purpose of illustrating environment and form no part of the claimed design.

1 Claim, 12 Drawing Sheets
