(57) **CLAIM**
The ornamental design for a child rolling prevention device,
as shown and described.

DESCRIPTION
FIG. 1 is a perspective view of a child rolling prevention device according to the present invention.
FIG. 2 is a right-side elevation view of the child rolling prevention device illustrated in FIG. 1.
FIG. 3 is a front elevation view of the child rolling prevention device illustrated in FIG. 1.
FIG. 4 is a rear elevation view of the child rolling prevention device illustrated in FIG. 1.
FIG. 5 is a bottom view of the child rolling prevention device illustrated in FIG. 1; and,
FIG. 6 is a top view of the child rolling prevention device illustrated in FIG. 1.
The broken lines depict elements of the child rolling prevention device that do not form a claimed feature of the present invention.
