(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

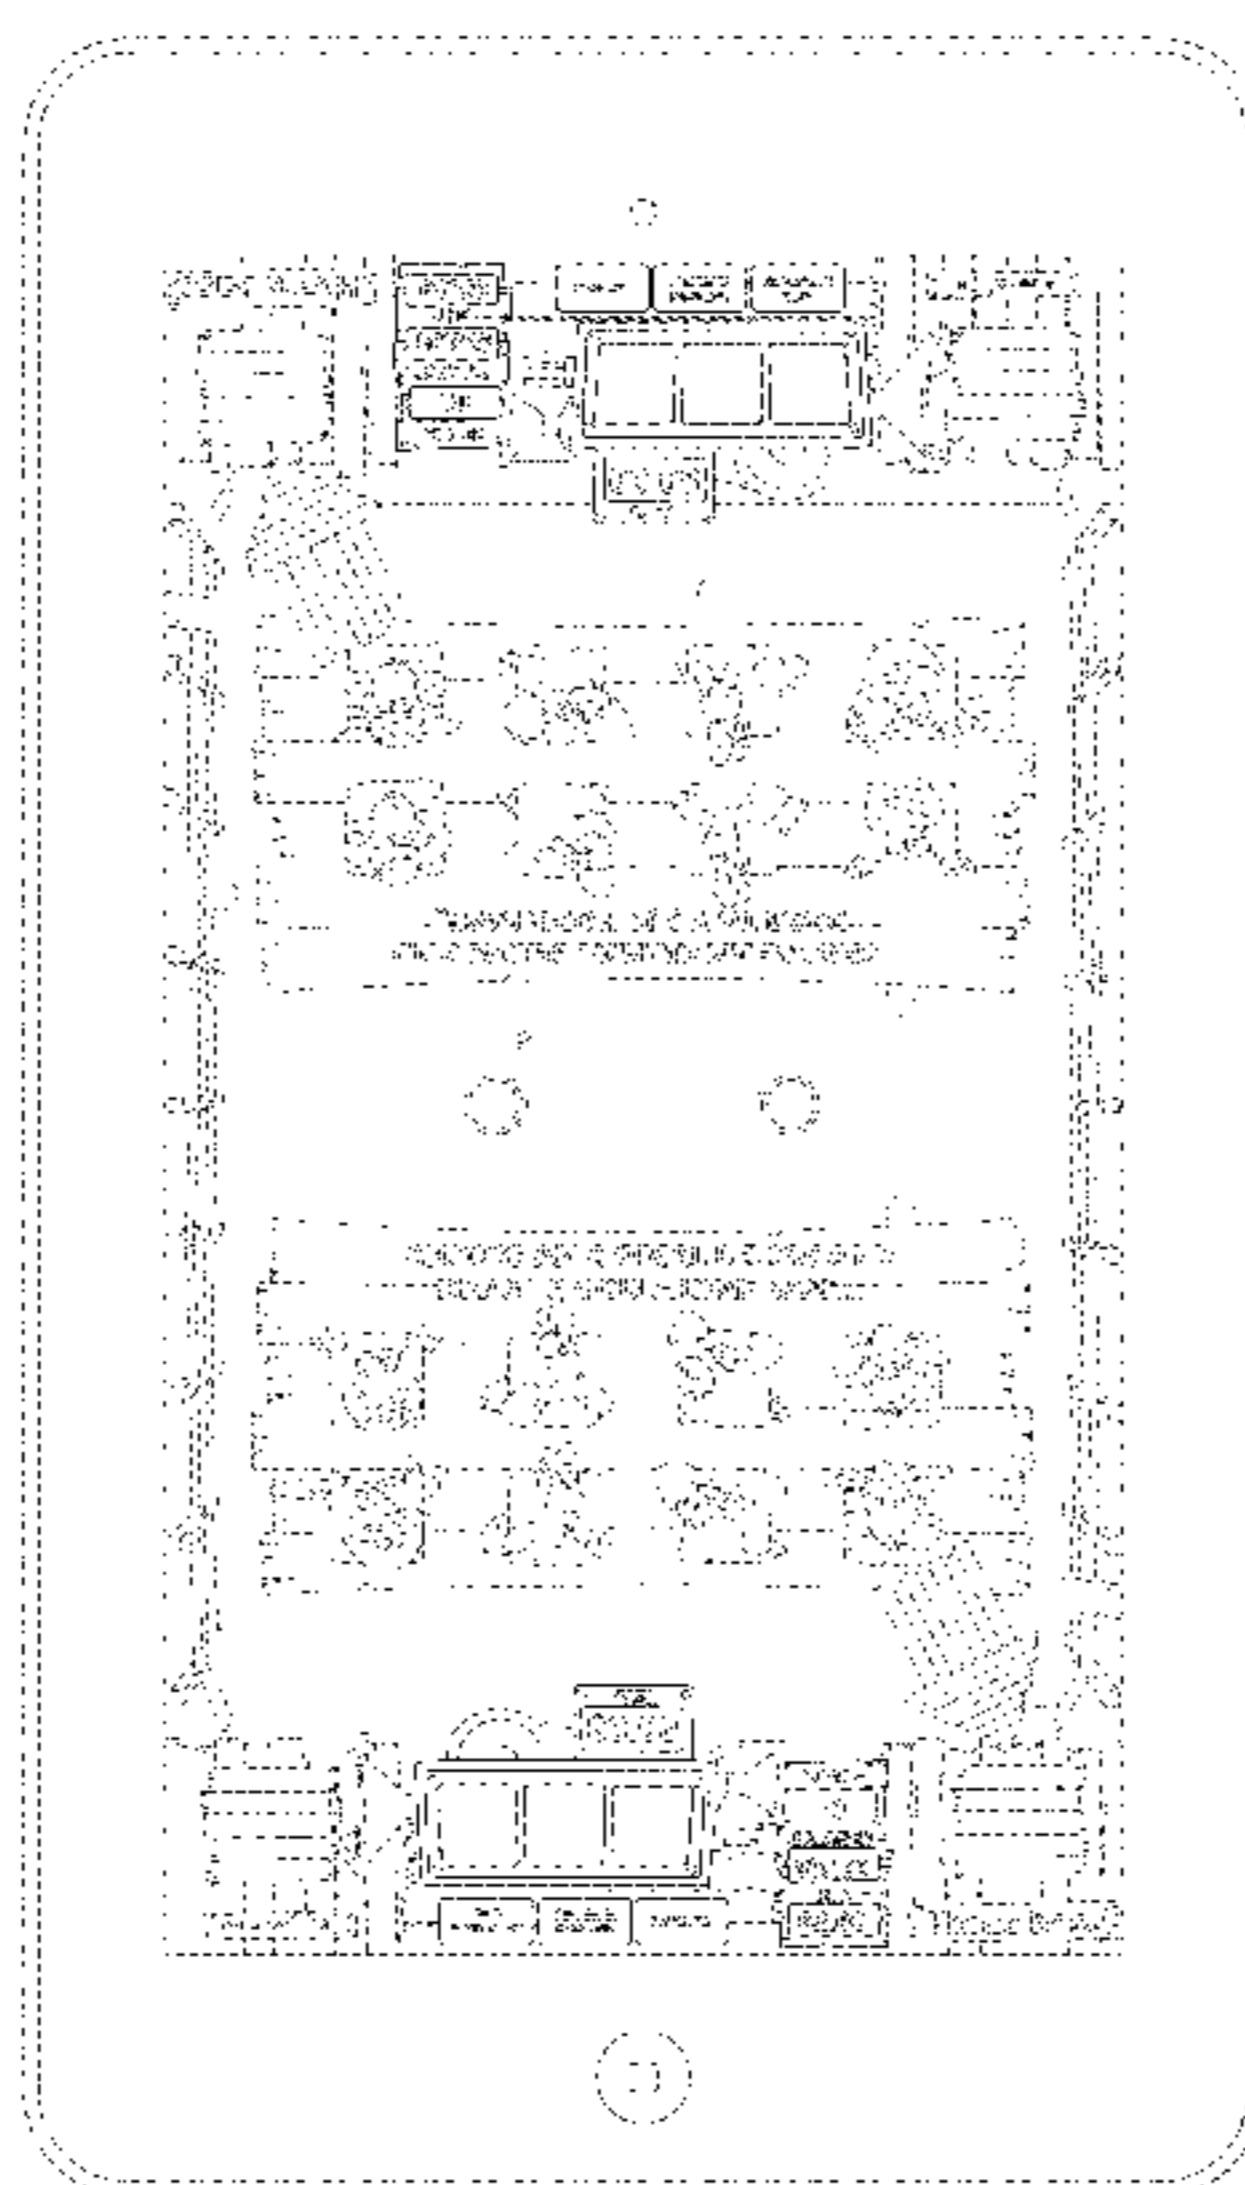

**DESCRIPTION**

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface, showing our new design; and,

FIG. 2 is a front view of a second embodiment of a display screen with graphical user interface, showing our new design.

The outermost set of broken lines and the broken line showing of rounded shapes illustrate an electronic device, the broken line at the periphery of the figures illustrates the display screen, and the remainder of the broken lines illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.
