(57) **CLAIM**

The ornamental design for a plenum transport retainer clip with locking finger, as shown and described.

DESCRIPTION

FIG. 1 is a first perspective view of a plenum transport retaining clip with locking finger showing our new design. FIG. 2 is a second perspective view of the plenum transport retainer clip with locking finger of FIG. 1. FIG. 3 is a first end view of the plenum transport retainer clip with locking finger of FIG. 1. FIG. 4 is a second end view of the plenum transport retainer clip with locking finger of FIG. 1. FIG. 5 is a first side view of the plenum transport retainer clip with locking finger of FIG. 1. FIG. 6 is a second side view of the plenum transport retainer clip with locking finger of FIG. 1. FIG. 7 is third side view of the plenum transport retainer clip with locking finger of FIG. 1; and, FIG. 8 is fourth side view of the plenum transport retainer clip with locking finger of FIG. 1. The broken line showing portions of the plenum transport retainer clip with locking finger form no part of the claimed design.
