(57) **CLAIM**

We claim the ornamental design for a kinetic magazine loader, as shown and described.

DESCRIPTION

FIG. 1 is a front, right, top perspective view of a kinetic magazine loader showing our new design; FIG. 2 is a rear, left side, top perspective view thereof; FIG. 3 is a front, right, top perspective view of; and, FIG. 4 is a rear, left side, top perspective view thereof. The bottom of the kinetic magazine loader is not shown in the drawing and forms no part of the claimed design. Broken lines shown in the drawings form no part of the claimed design. The broken lines having alternating short and long dash lengths in the drawings depict boundaries between claimed and non-claimed subject matter. The boundaries themselves form no part of the claimed design. The broken lines having equal dash lengths in the drawings illustrate structure and/or features that form no part of the claimed design.
