DESCRIPTION

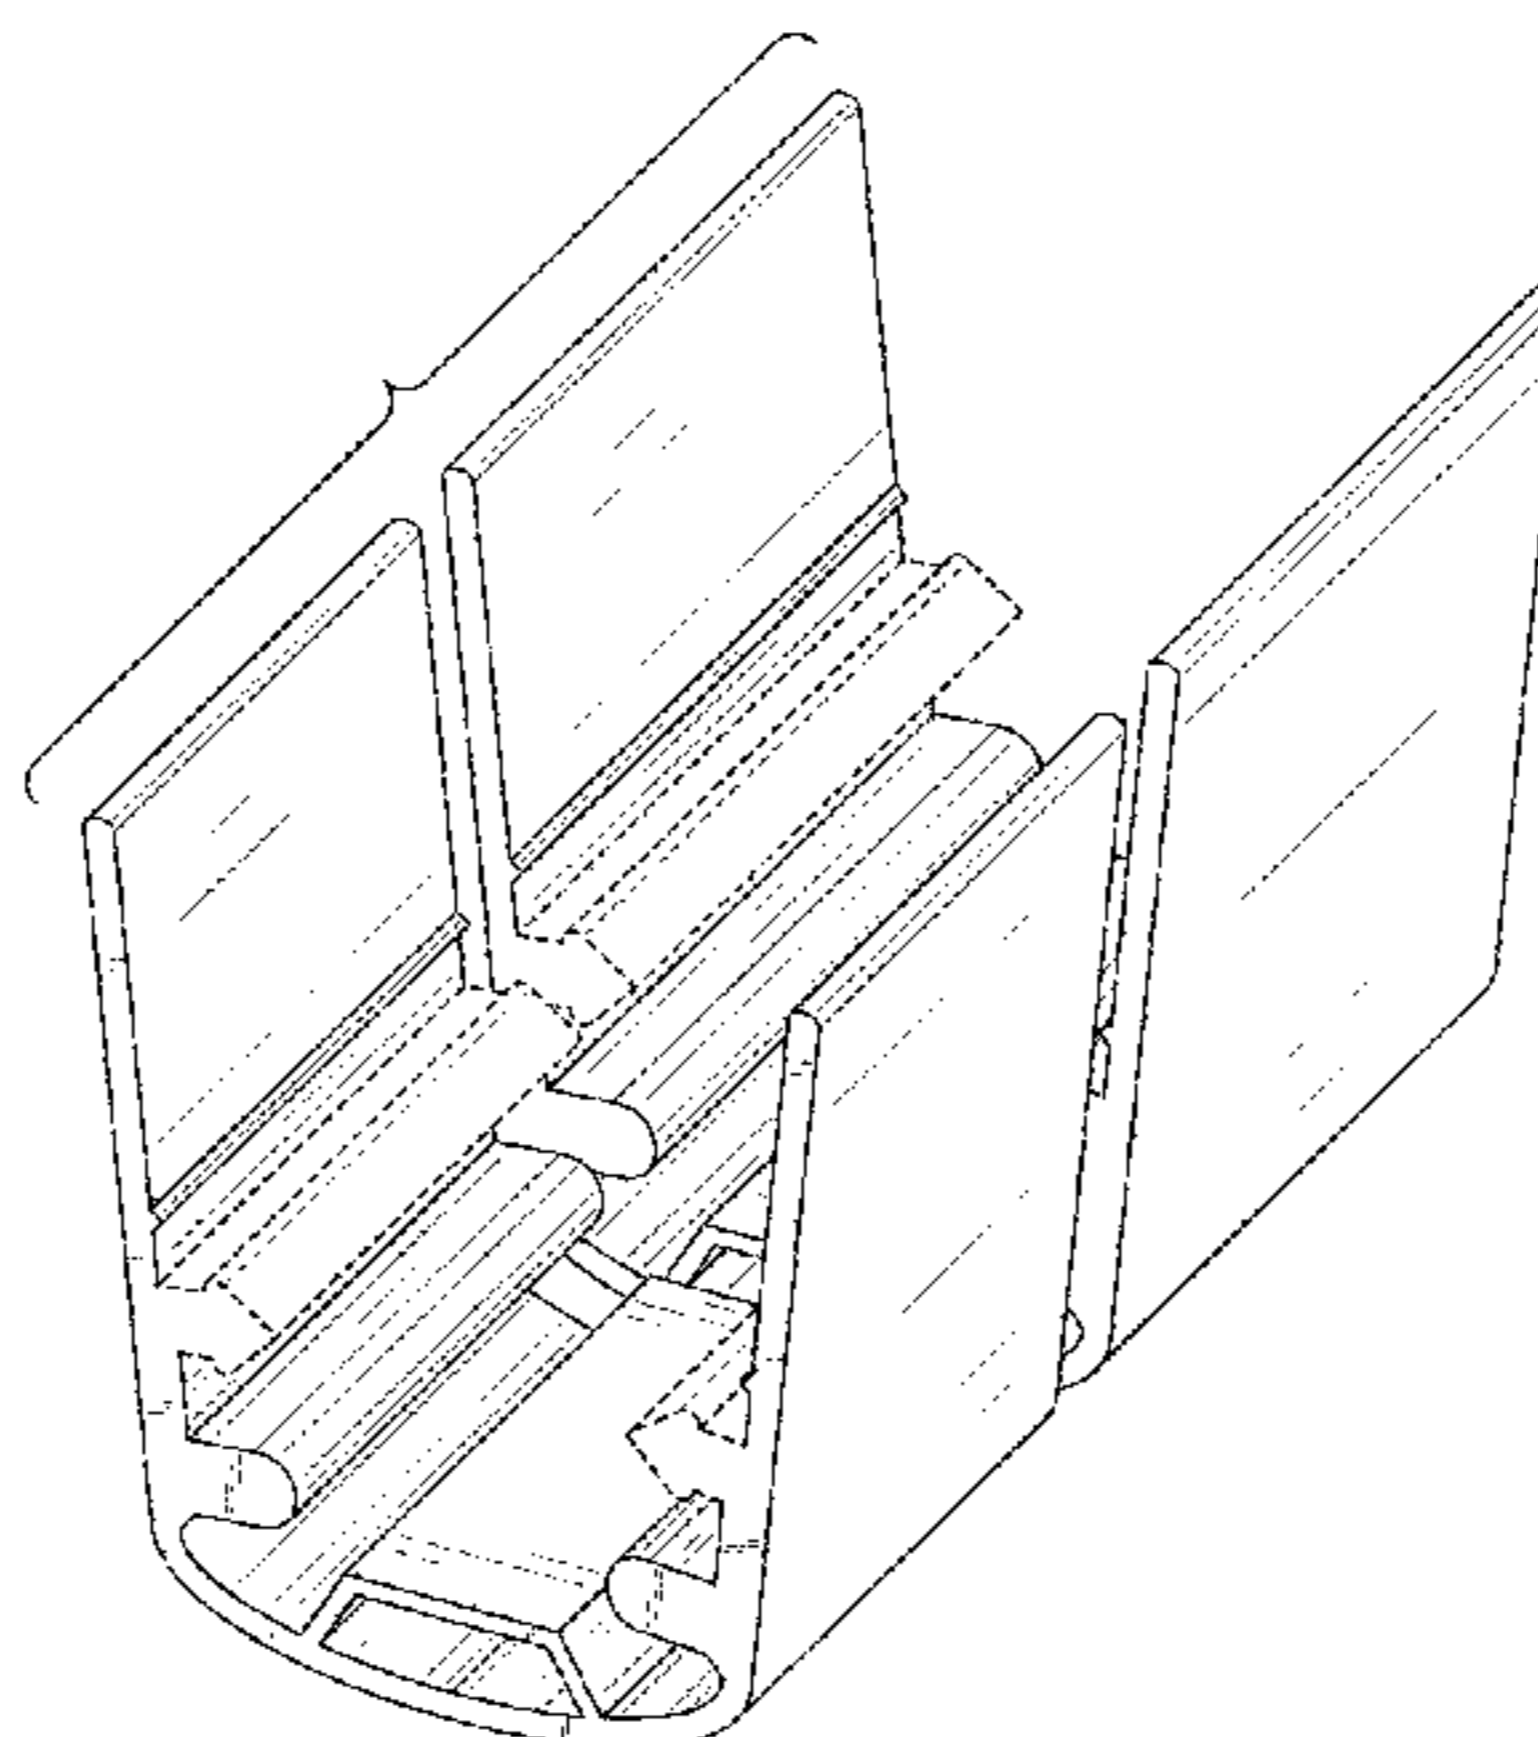

FIG. 1 is a front view of a sealing lip according to the present design;
FIG. 2 is a perspective view of a sealing lip according to the present design;
FIG. 3 is a further perspective view of a sealing lip according to the present design; and,
FIG. 4 is a rear view of a sealing lip within a housing according to the present design.
A sealing lip is shown, which is a part of a drop-down seal for a window or door.
The broken lines in FIGS. 1-3 depict portions of the article that form no part of the claimed design.
The additional components in broken lines shown in FIG. 4 illustrate a housing of the drop-down seal that forms no part of the claimed design.
The drawings contain a symbolic break. The portion between the break lines form no part of the claimed design.
