(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1. is a front view of a display screen with animated graphical user interface showing the first image of our new design;

FIG. 2. is a second image thereof;

FIG. 3. is a third image thereof;

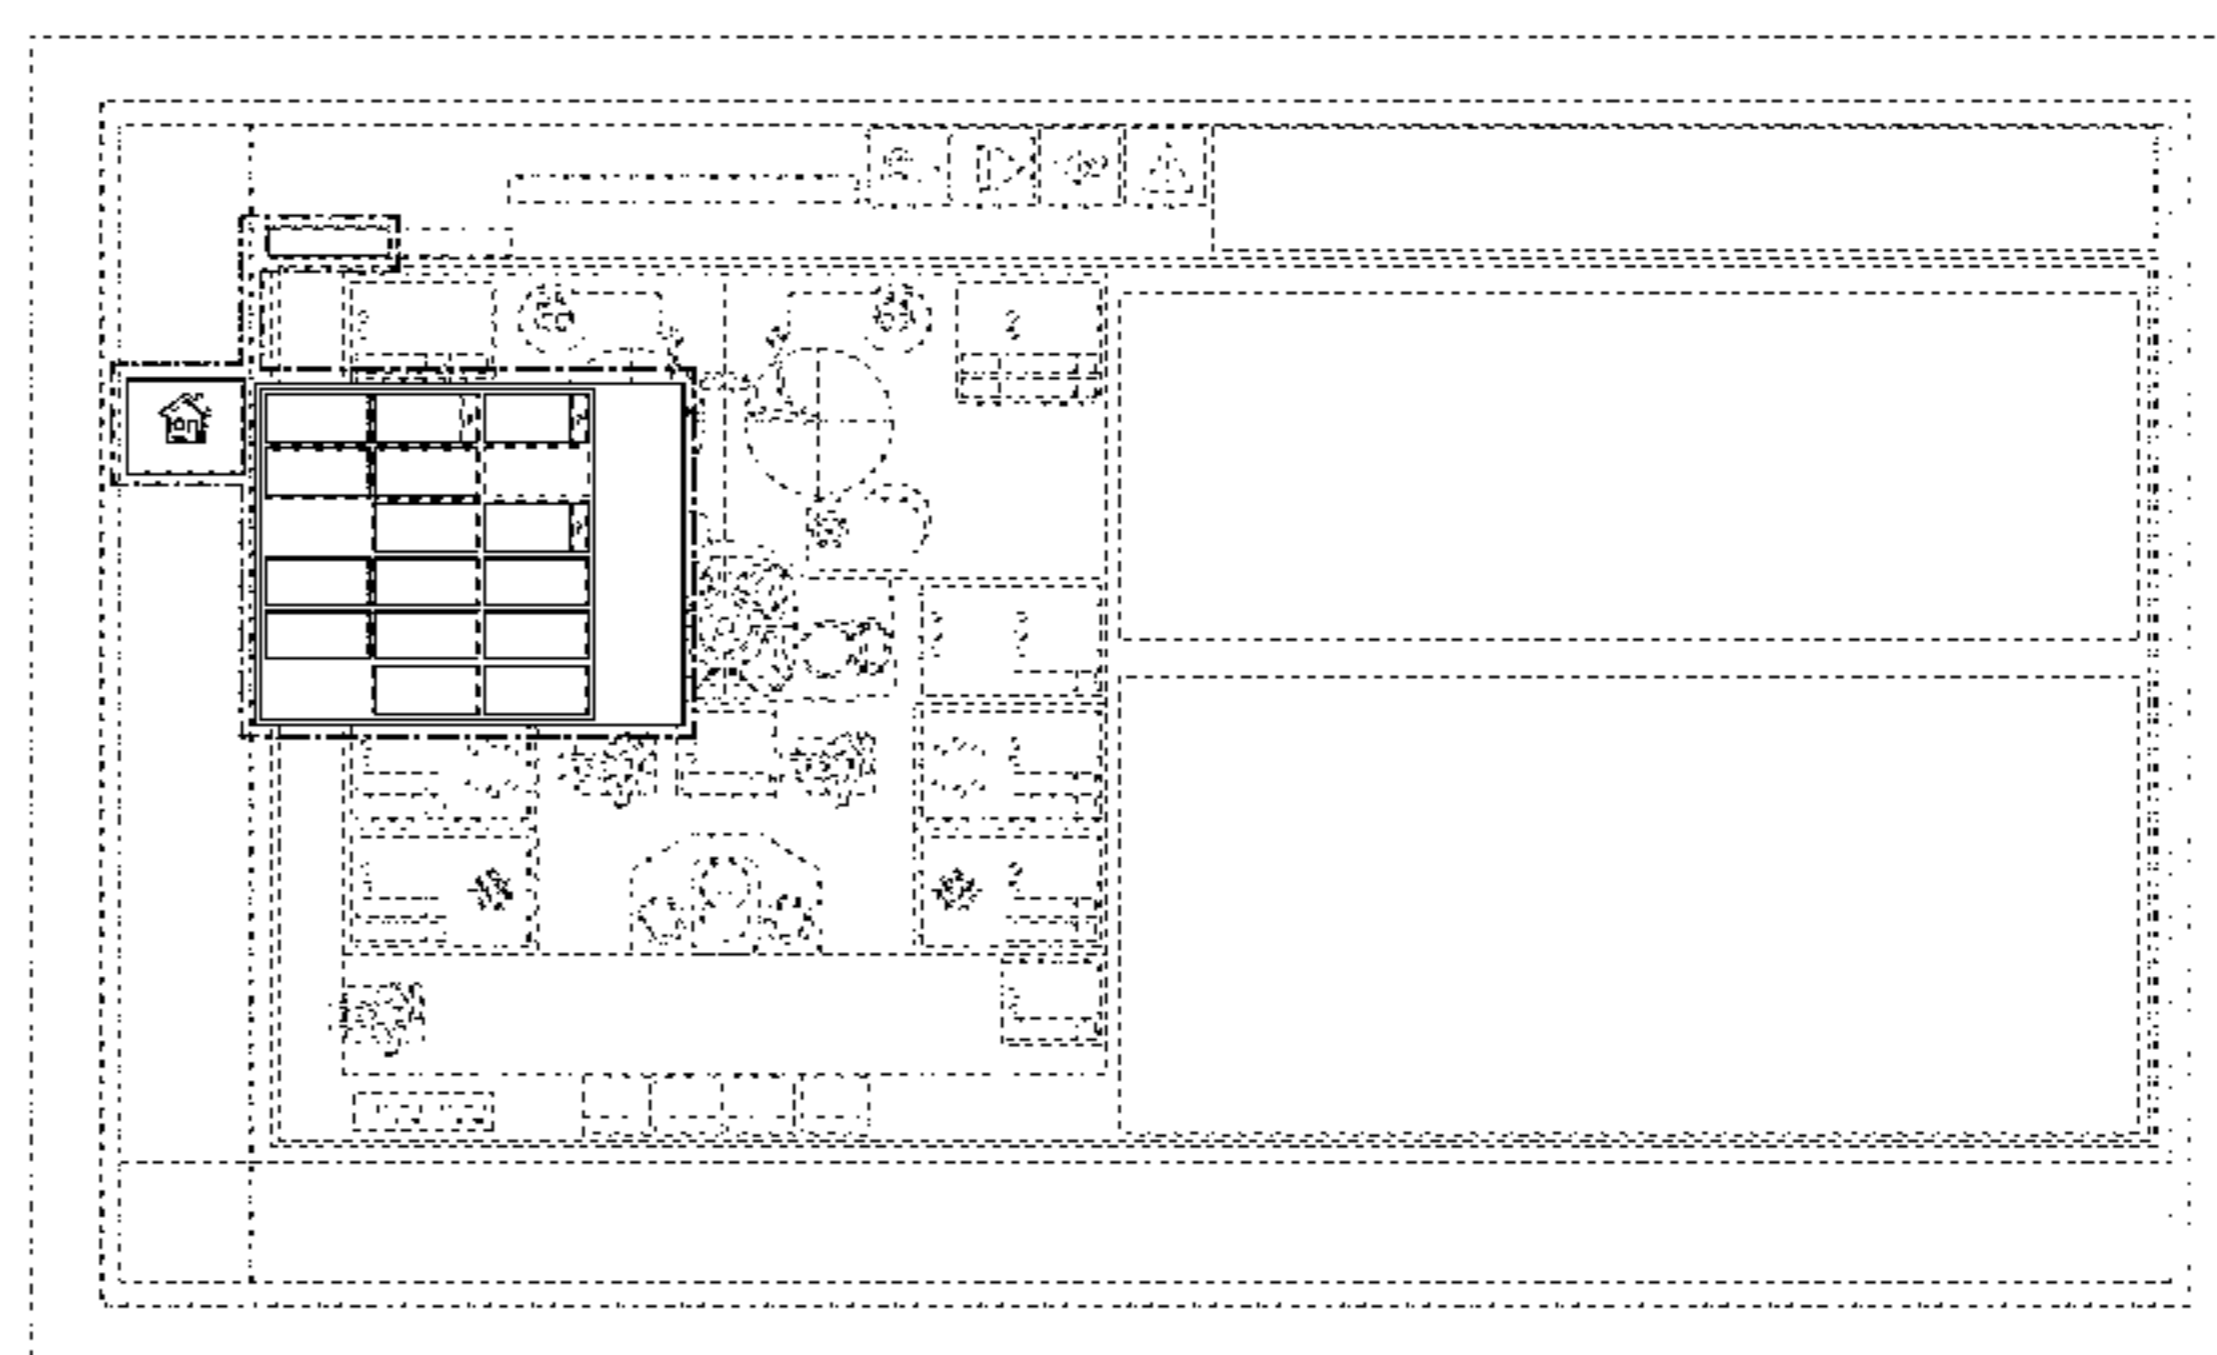

FIG. 4. is a reference perspective view in usage; and,

FIG. 5. is a reference front view in usage.

The appearance of the animated images sequentially transitions between images shown in FIGS. 1 through 3. The process or period in which an image transitions to another forms no part of the claimed design.

The broken lines shown in FIGS. 1-3 represent unclaimed subject matter of the display screen with animated graphical user interface and form no part of the claimed design. The dot-dash lines shown in FIGS. 2-3 illustrate the boundary of the claim and form no part of the claimed design. The broken lines shown in FIGS. 4-5 represent unclaimed environments and form no part of the claimed design.

1 Claim, 5 Drawing Sheets
