- (57) **CLAIM**
- The ornamental design for a display screen with a graphical user interface for an advertisement management application, as shown and described.

- DESCRIPTION**
- FIG. 1 is a view of a display screen with a graphical user interface for an advertisement management application, the view showing a first image in a sequence;
FIG. 2 is a second image in the sequence;
FIG. 3 is a first image in a second sequence; and,
FIG. 4 is a second image in the second sequence.
The broken lines illustrate an electronic device, which is the environment of the design, and which forms no part of the claimed design. The remaining broken lines, including the home button icon, dashed text, the three black circles in the top-left corner of the display, and icons, illustrate a display screen and portions of the graphical user interface that form no part of the claimed design.
The appearance of the image transitions sequentially between the images shown in FIGS. 1-2 and 3-4. The

(Continued)

process or period in which one image transitions to another forms no part of the claimed design.
