(57) **CLAIM**

The ornamental design of a multifaceted radio base station, substantially as shown and described.

DESCRIPTION

This patent document may show and/or describe matter which is or may become trade dress of the owner. The trade dress owner has no objection to the facsimile reproduction by anyone of the patent disclosure as it appears in the Patent and Trademark Office files or records, but otherwise reserves all copyright and trade dress rights whatsoever.

FIG. 1 is a front, top and left side perspective view of the multifaceted radio base station.

FIG. 2 is a front, top and right side perspective view of the multifaceted radio base station.

FIG. 3 is a rear, top and left side perspective view of the multifaceted radio base station.

FIG. 4 is a rear, top and right side perspective view of the multifaceted radio base station.

FIG. 5 is a front view of the multifaceted radio base station.

FIG. 6 is a top view of the multifaceted radio base station; and,

FIG. 7 is a bottom view of the multifaceted radio base station.

Any broken lines shown in the drawings represent portions of the multifaceted radio base station that form no part of the claimed design.
