(57) CLAIM

The ornamental design for a display screen or portion thereof with a graphical user interface, substantially as shown and described.

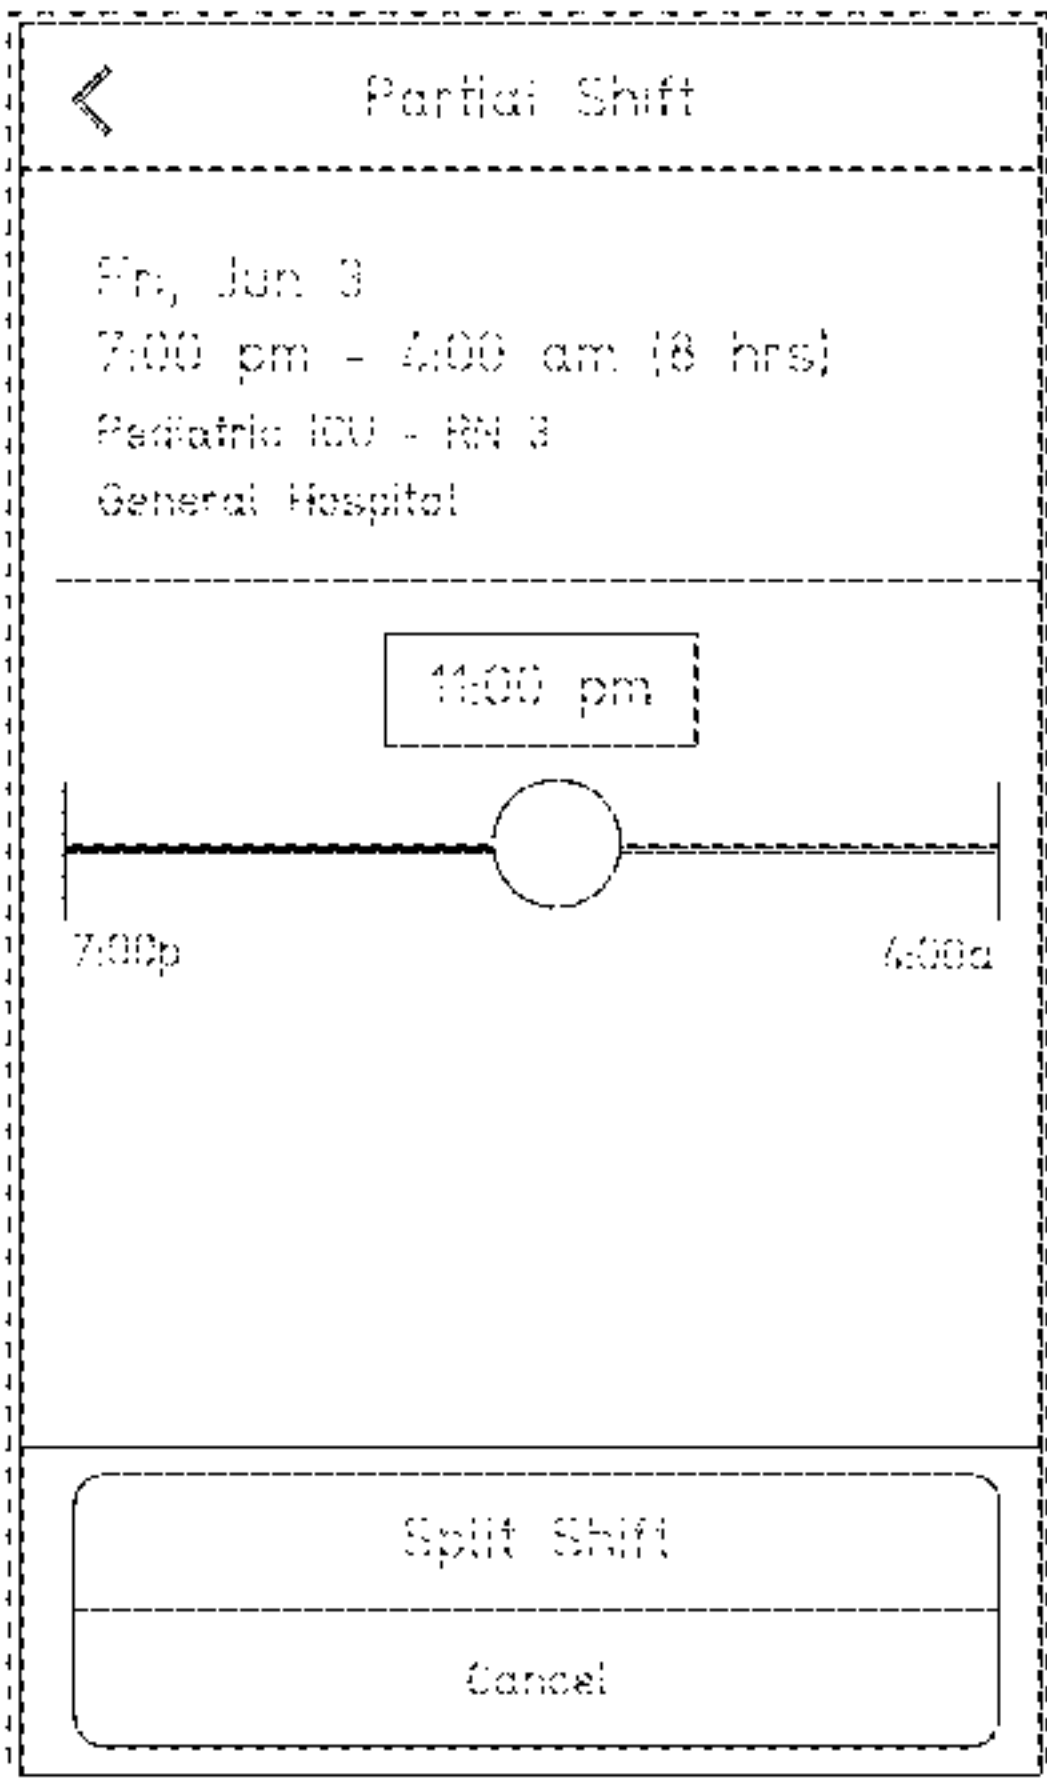

DESCRIPTION

A portion of the disclosure of this patent document contains material for which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the US Patent and Trademark Office patent file or records, but reserves all other copyrights whatsoever.

FIGURE is a front view of a display screen or portion thereof with a graphical user interface.

The outermost broken line rectangle illustrates a display screen or portion thereof and forms no part of the claimed design. The remaining broken lines, including all text, illustrate portions of the graphical user interface that form no part of the claimed design.
