The ornamental design for a support rack for free weights, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a support rack for free weights showing my new design.
FIG. 2 is a perspective view of Detail 2-2, taken in FIG. 1; and,
FIG. 3 is a front view of Detail 3-3, taken in FIG. 1.
The broken lines shown in the figures are for the purpose of illustrating portions of the support rack for free weights, which form no part of the claimed design.
The dot-dashed lines in the figures are for the purpose of showing boundaries of the design and form no part of the claimed design.
FIGS. 1-3 illustrate colored indicators in an environmental view and two detail views. The stipple shading and mesh shading on the respective support pegs are intended to be generic surface indicators and not specific colors.
