(57) **CLAIM**

The ornamental design for a display panel portion with graphical user interface, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display panel portion with graphical user interface, showing the claimed design. FIG. 2 is a front view thereof, showing the design in the context of differing broken-line subject matter; and, FIG. 3 is a front view thereof, showing the design in the context of differing broken-line subject matter. The outermost broken lines represent a boundary between the claimed design and the display screen and illustrate the perimeter of a display panel portion. The remaining broken lines illustrate portions of a graphical user interface. The broken lines form no part of the claimed design.
