(57) **CLAIM**

The ornamental design for mobile communication device display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The single FIGURE is a front view of a mobile communication device display screen or portion thereof with graphical user interface showing my new design.

The broken line showing of the mobile communication device display screen or portion thereof and the remainder of the graphical user interface forms no part of the claimed design.

1 Claim, 1 Drawing Sheet
