(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

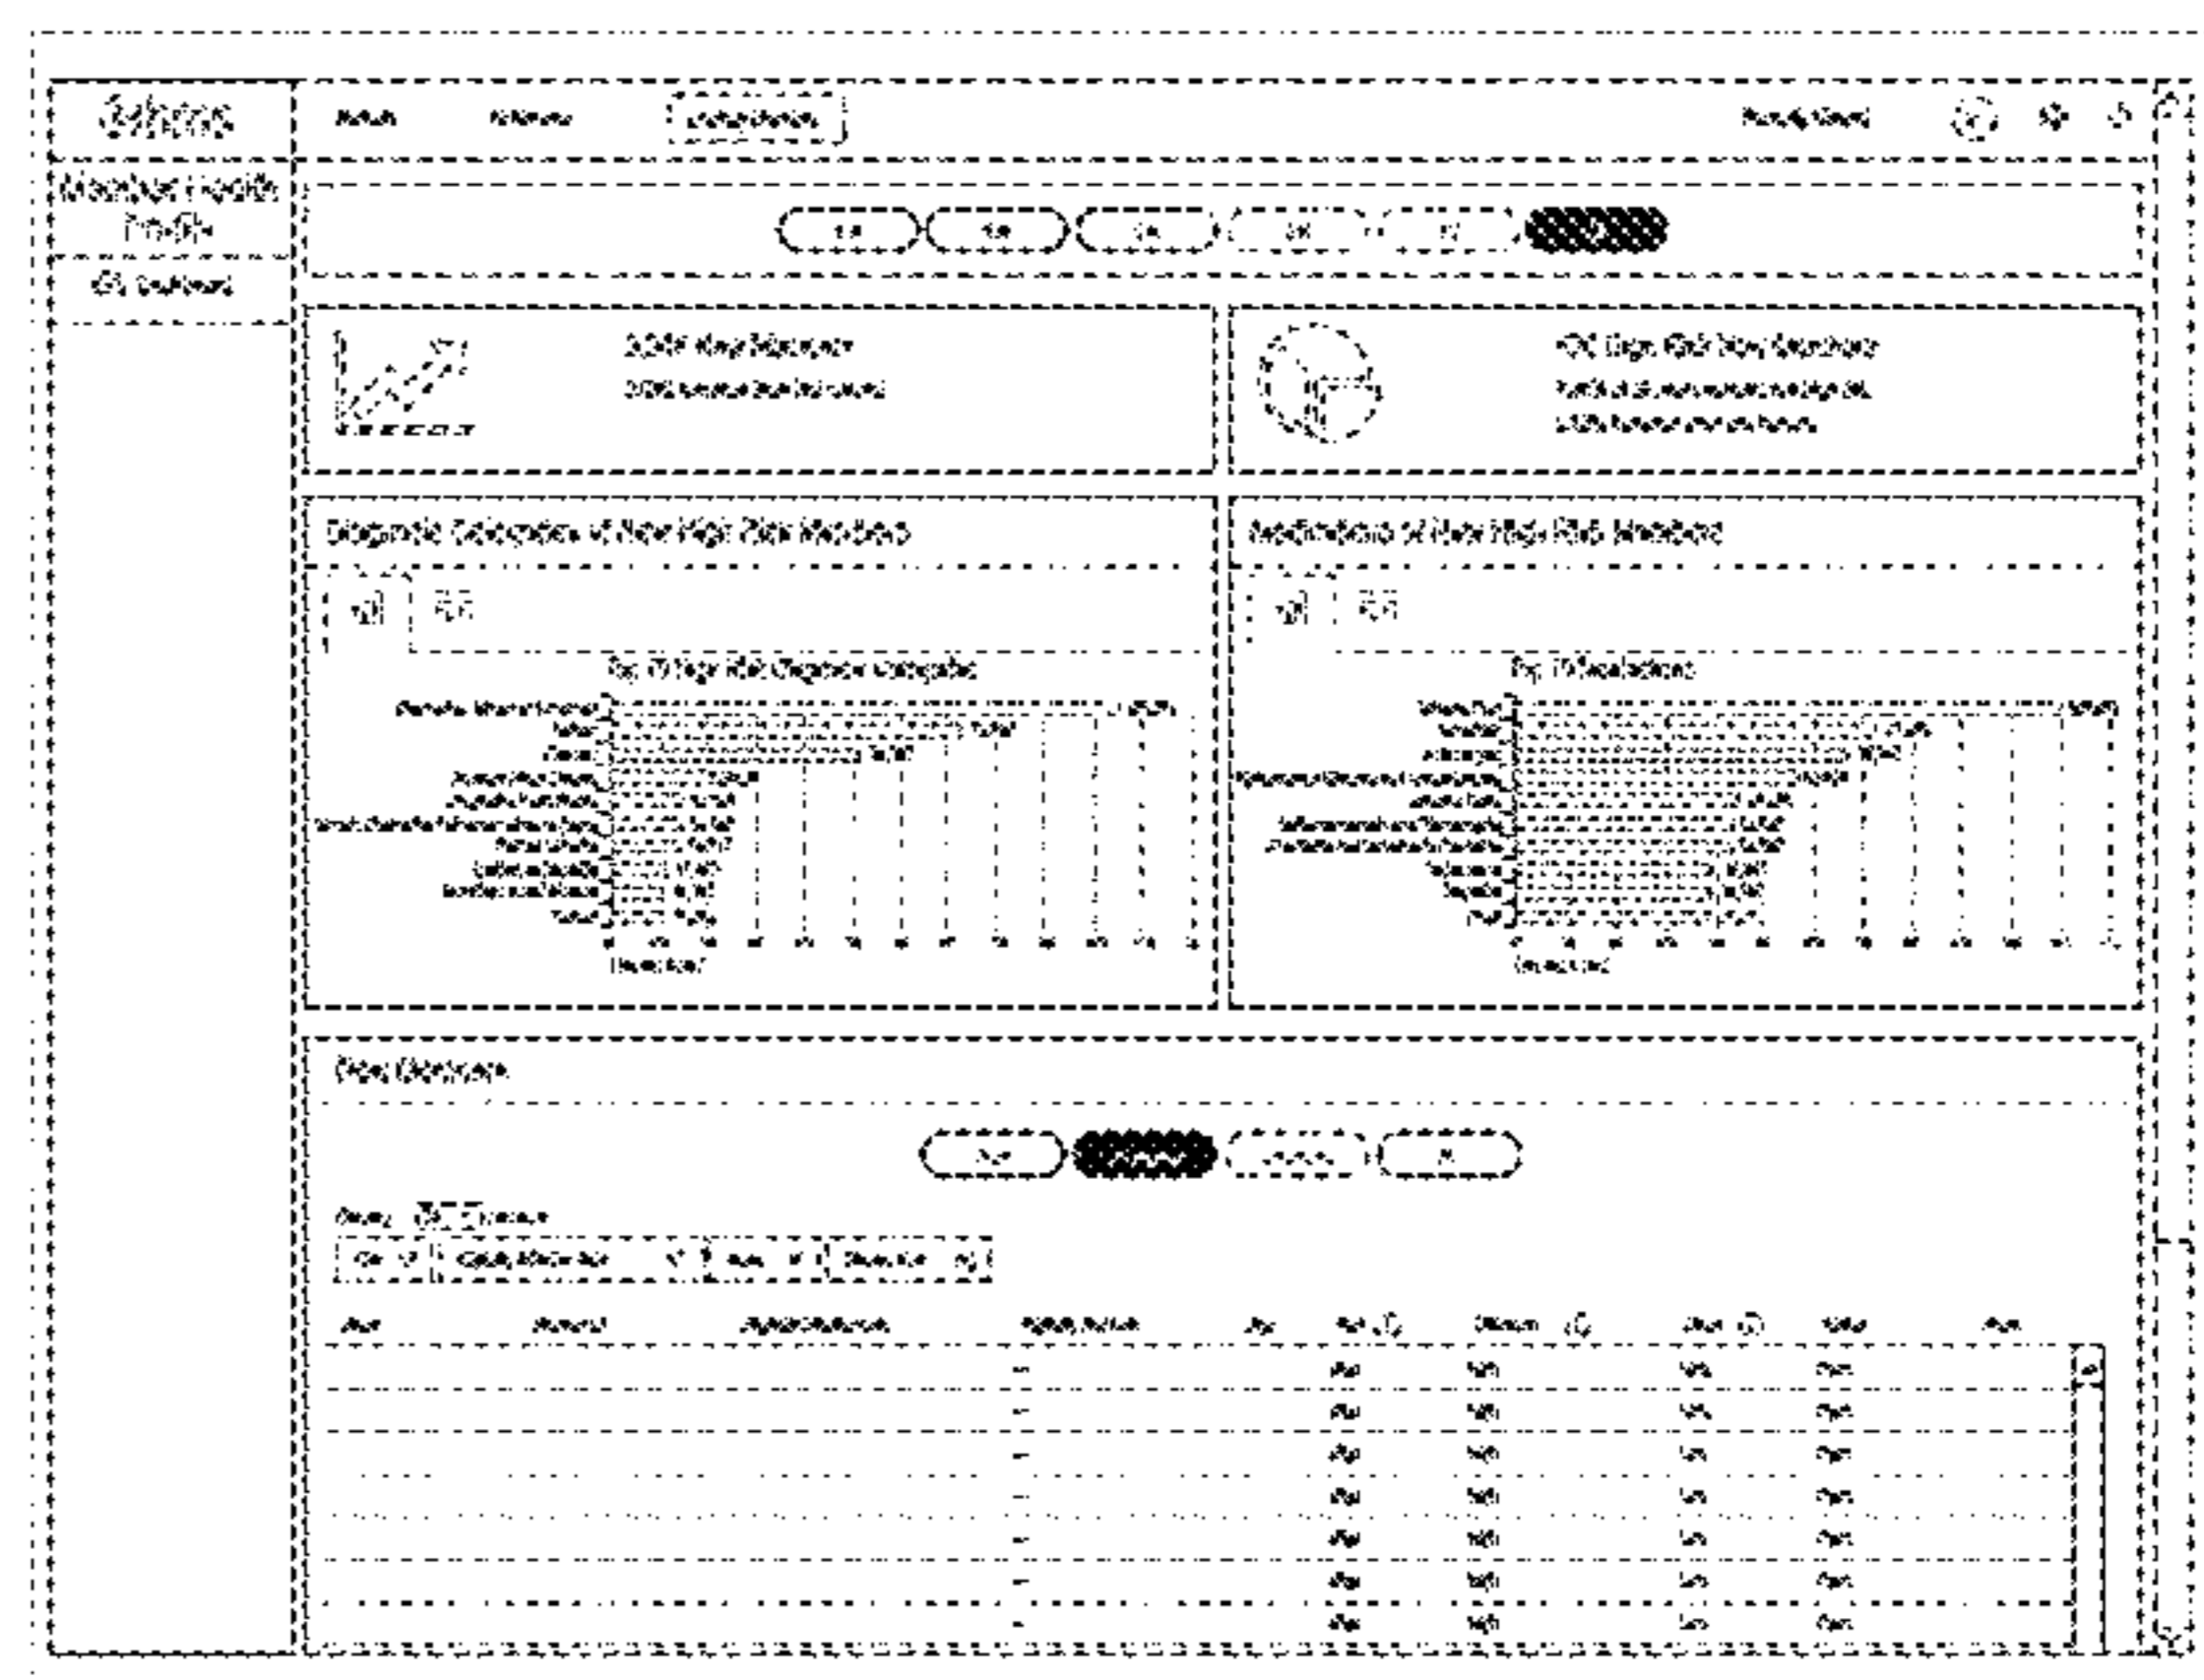

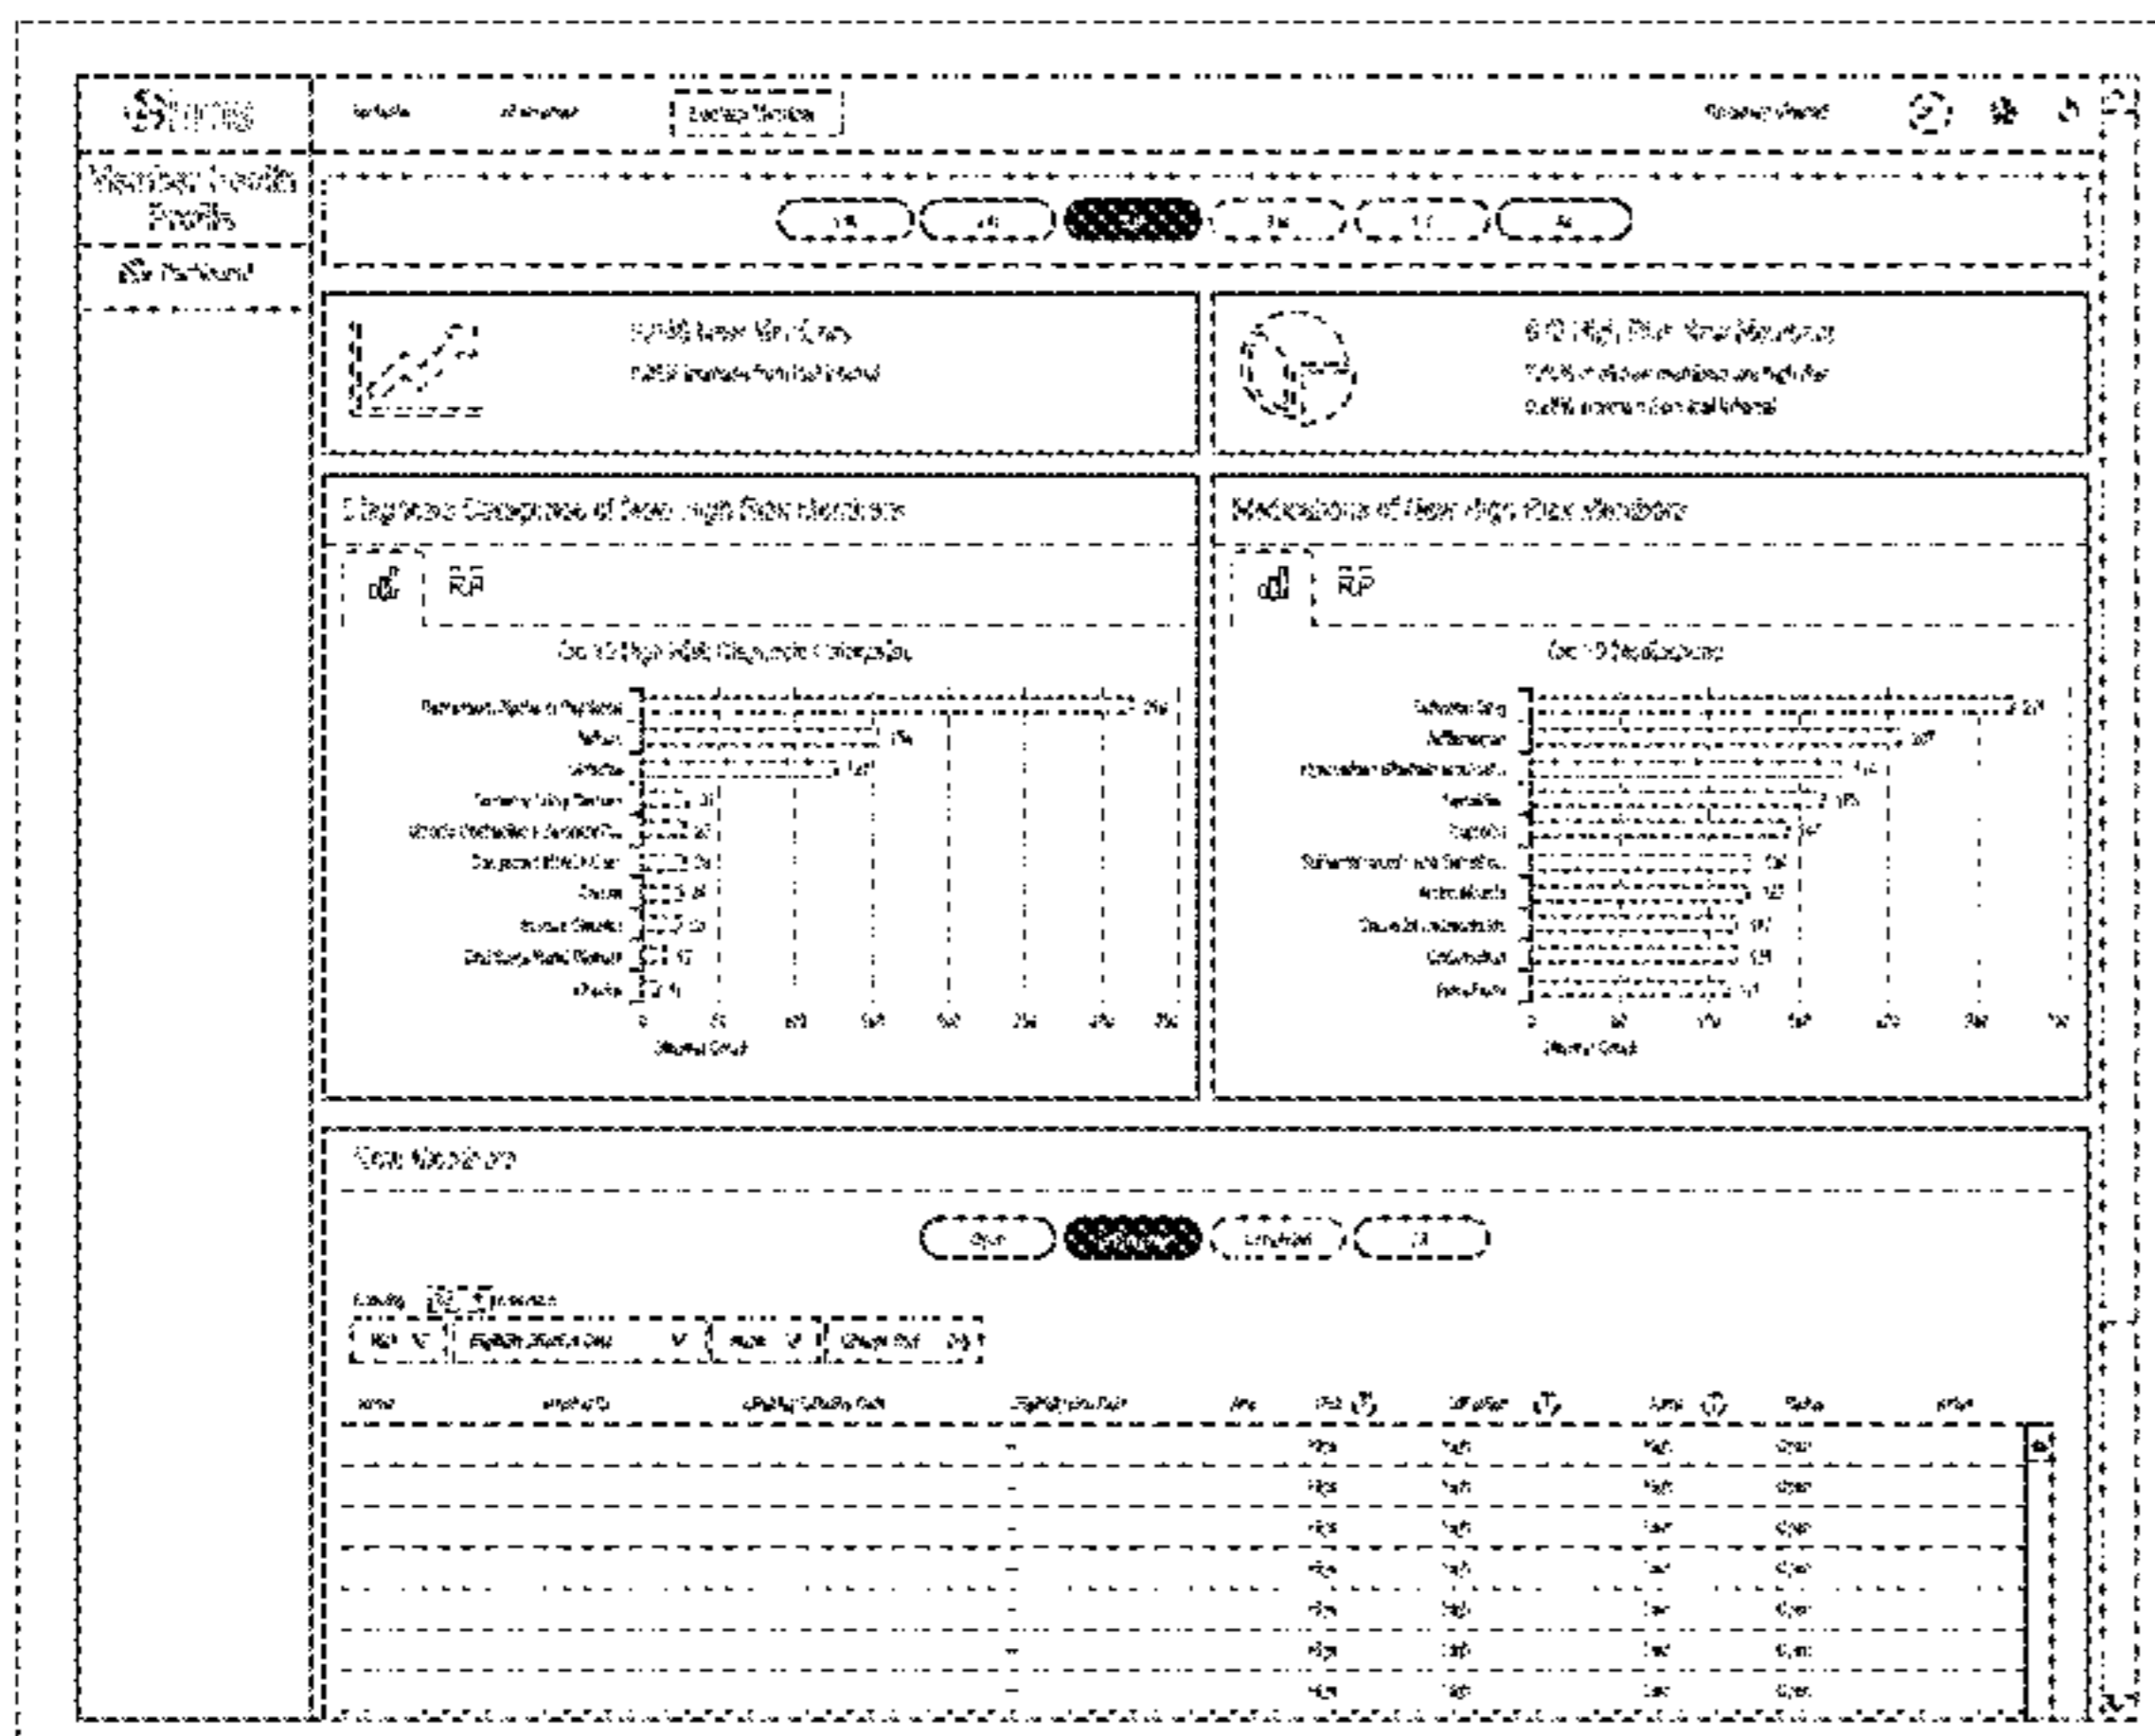

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence for a display screen with animated graphical user interface showing our new design; and,

FIG. 2 is a front view of a second image in a sequence for a display screen with animated graphical user interface.

The broken-line disclosure represents portions of the display screen which form no part of the claimed design. All text depicted in the drawings are in broken lines. The appearance of the graphical user interface transitions sequentially between FIGS. 1 and 2. The process or period in which one image transitions to another image forms no part of the claimed design.
