(57) **CLAIM**

The ornamental design for a display screen with a graphical user interface for games in messaging applications, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with a graphical user interface for games in messaging applications; and, FIG. 2 is a front view of a second embodiment thereof. The broken line showing of the display screen, text, and portions of the graphical user interface form no part of the claimed design.

1 Claim, 2 Drawing Sheets
