(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface, showing the new design. The broken lines illustrate an electronic device, which is the environment of the design, and which forms no part of the claimed design. The remaining broken lines, including all text, illustrate portions of the display screen and portions of the graphical user interface that form no part of the claimed design.

1 Claim, 1 Drawing Sheet
