(57) **CLAIM**

The ornamental design for a housing for an automotive electrical switch management apparatus, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a housing for an automotive electrical switch management apparatus showing the new design;

FIG. 2 is a front view of the housing for an automotive electrical switch management apparatus of FIG. 1;

FIG. 3 is a right side view of the housing for an automotive electrical switch management apparatus of FIG. 1;

FIG. 4 is a top plan view of the housing for an automotive electrical switch management apparatus of FIG. 1;

FIG. 5 is a rear view of the housing for an automotive electrical switch management apparatus of FIG. 1;

FIG. 6 is a bottom plan view of the housing for an automotive electrical switch management apparatus of FIG. 1; and,

FIG. 7 is a left side view of the housing for an automotive electrical switch management apparatus of FIG. 1.

The broken lines shown in the drawings illustrate portions of the housing for an automotive electrical switch management apparatus that form no part of the claimed design.
