(57) **CLAIM**

The ornamental design for an enclosure for a network extender, as shown and described.

DESCRIPTION

FIG. 1 is a top-front perspective view of an enclosure for a network extender.

FIG. 2 is a top view of the enclosure for a network extender.

FIG. 3 is a front elevation view of the enclosure for a network extender.

FIG. 4 is a rear elevation view of the enclosure for a network extender.

FIG. 5 is a left side elevation view of the enclosure for a network extender. The right side elevation view of the enclosure for a network extender is a mirror image of the left side elevation view of the enclosure for a network extender.

FIG. 6 is a bottom view of the enclosure for a network extender.

FIG. 7 is a top-rear perspective view of the enclosure for a network extender; and,
FIG. 8 is an enlarged cross-section view of the enclosure for a network extender, taken in the direction of 8-8 and 8'-8' in FIG. 4.

The outermost broken lines immediately adjacent the claim represent the bounds of the claimed design while all other broken lines are directed to environment and are for illustrative purposes only; the broken lines form no part of the claimed design. The broken line arrows in the FIG. 4 view are included for reference purposes only and form no part of the claimed design.

1 Claim, 8 Drawing Sheets
