(Continued)

FIG. 1 is a perspective view of buttons for a load control
device according to a first embodiment of our new design.
FIG. 2 is a front view thereof.
FIG. 3 is a left side view thereof.
FIG. 4 is a right side view thereof.
FIG. 5 is a top view thereof.
FIG. 6 is a bottom view thereof.
FIG. 7 is a perspective view of buttons for a load control
device according to a second embodiment of our new
design; and,
FIG. 8 is a front view thereof, the left side, right side, top,
and bottom views respectively, of the second embodiment
being identical to the left side, right side, top, and bottom
views of the second embodiment.
The rear views form no part of the design and are omitted.
The broken lines showing portions of the remote control are
for the purpose of illustrating environmental structure and
form no part of the claimed design.
