(57) **CLAIM**

We claim the ornamental design for a shock tower for a model vehicle, as shown and described.

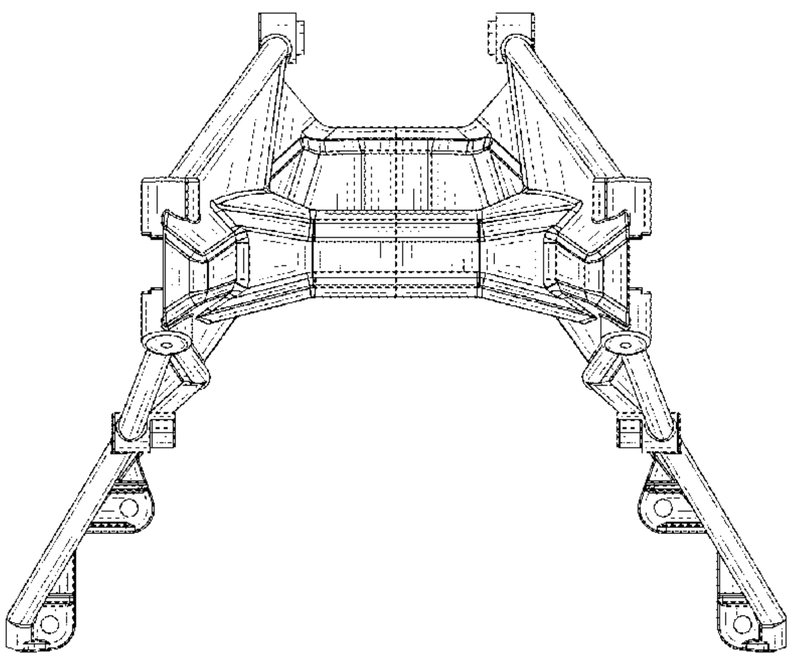

DESCRIPTION

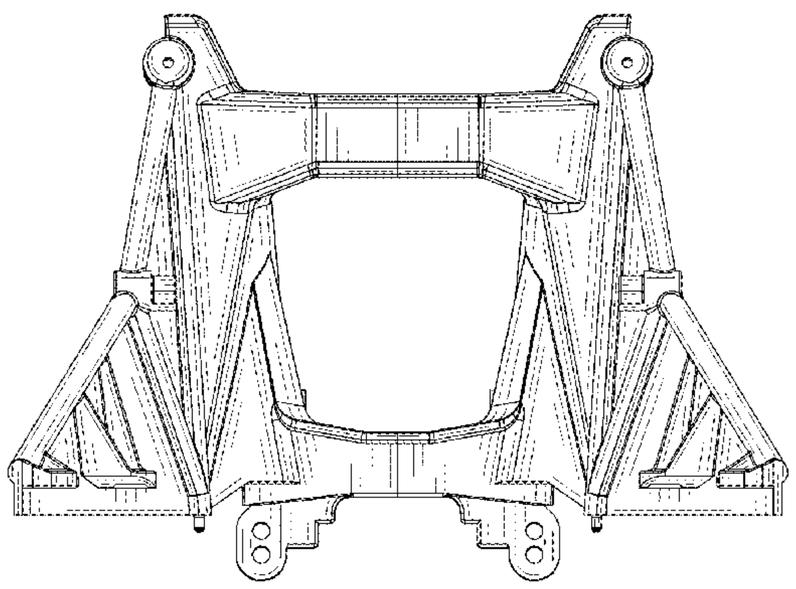

FIG. **1** is a top plan view of a shock tower for a model vehicle;
FIG. **2** is a front elevation view thereof;
FIG. **3** is a left side elevation view thereof;
FIG. **4** is a rear elevation view thereof;
FIG. **5** is a top, left, front perspective view thereof; and,
FIG. **6** is a top, left, front perspective environmental use view of a shock tower for a model vehicle.

Structural elements depicted by broken lines have been shown for the purpose of illustrating portions of the shock tower for a model vehicle or its environment that form no part of the claimed design.

The appearance of the right side of the shock tower for a model vehicle is a mirror image of the left side of the shock tower for a model vehicle.
