DESCRIPTION

See application file for complete search history.

FIG. 1 is a top plan view of a shock tower for a model vehicle;
FIG. 2 is a front elevation view thereof;
FIG. 3 is a left side elevation view thereof;
FIG. 4 is a rear elevation view thereof;
FIG. 5 is a top, left, front perspective view thereof; and,
FIG. 6 is a top, left, front perspective environmental use view of a shock tower for a model vehicle.

Structural elements depicted by broken lines have been shown for the purpose of illustrating portions of the shock tower for a model vehicle or its environment that form no part of the claimed design.

The appearance of the right side of the shock tower for a model vehicle is a mirror image of the left side of the shock tower for a model vehicle.
