(57) **CLAIM**

I claim the ornamental design for a middle side molding for a model vehicle, as shown and described.

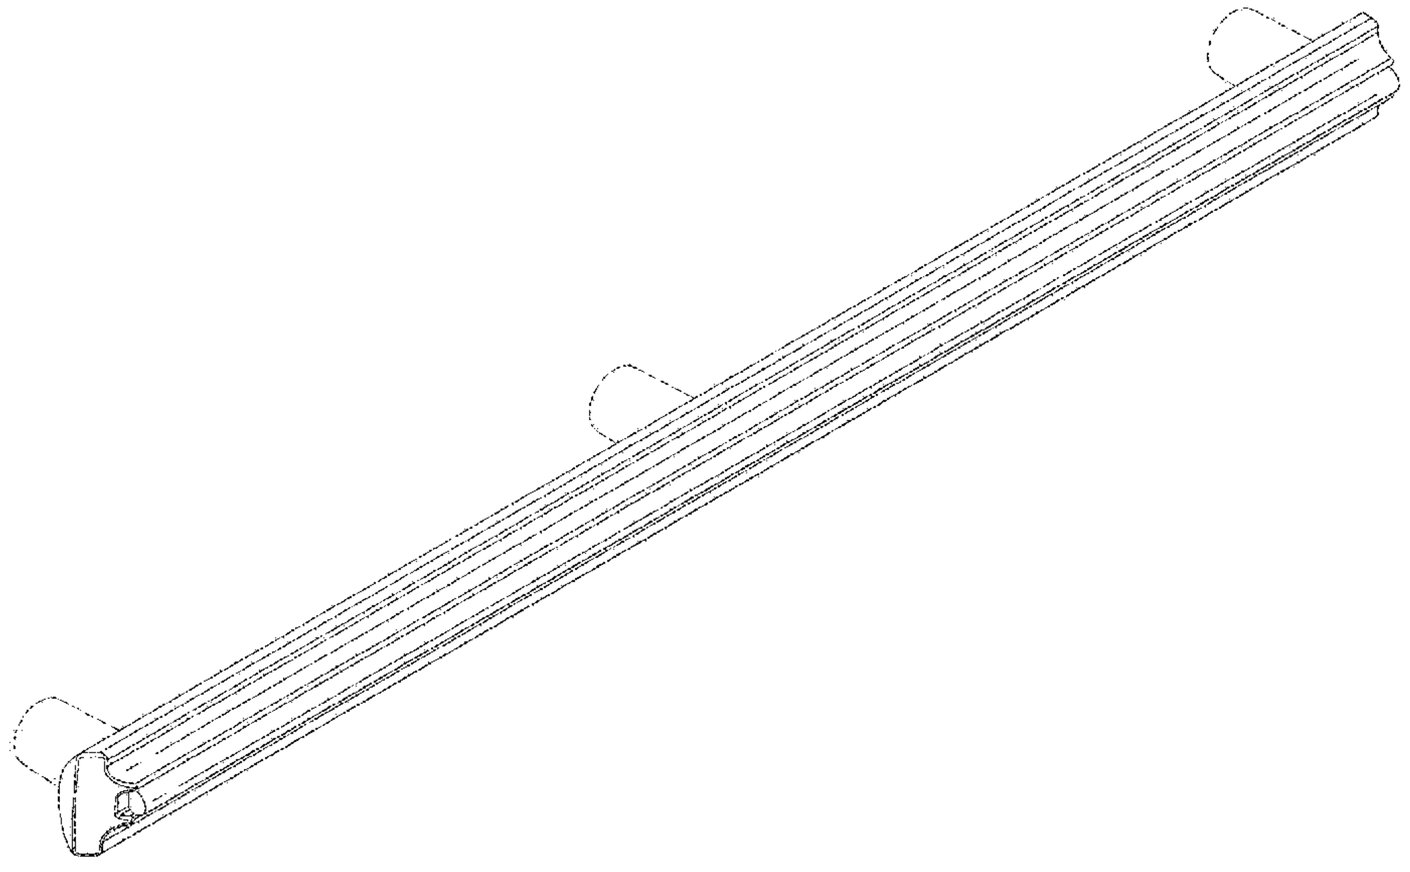

DESCRIPTION

FIG. **1** is a top, left, front perspective view of a middle side molding for a model vehicle;
FIG. **2** is rear elevation view thereof;
FIG. **3** is a front elevation view thereof;
FIG. **4** is a right side elevation view thereof;
FIG. **5** is a left side elevation view thereof;
FIG. **6** is a top plan view thereof;
FIG. **7** is a bottom plan view thereof;
FIG. **8** is a top, right, rear perspective view; and,
FIG. **9** is a top, left, front perspective environmental view.

In the drawings, the broken line showing of features of the middle side molding for a model vehicle illustrate portions of the middle side molding for a model vehicle that form no part of the claimed design; whereas, the broken line showing of the environmental view depicts environmental subject matter and is provided for the purposes of illustrating environmental structure and context.

In addition, in the drawings the representative middle side molding depicted is a left middle side molding. The right middle side molding is a mirror image of the left middle side molding.
