(57) **CLAIM**

I claim the ornamental design for a plush animal doll for sensory development, as shown and described.

DESCRIPTION

FIG. **1** is an isometric view of a plush animal doll for sensory development;

FIG. **2** is a front view of the plush animal doll for sensory development of FIG. **1**;

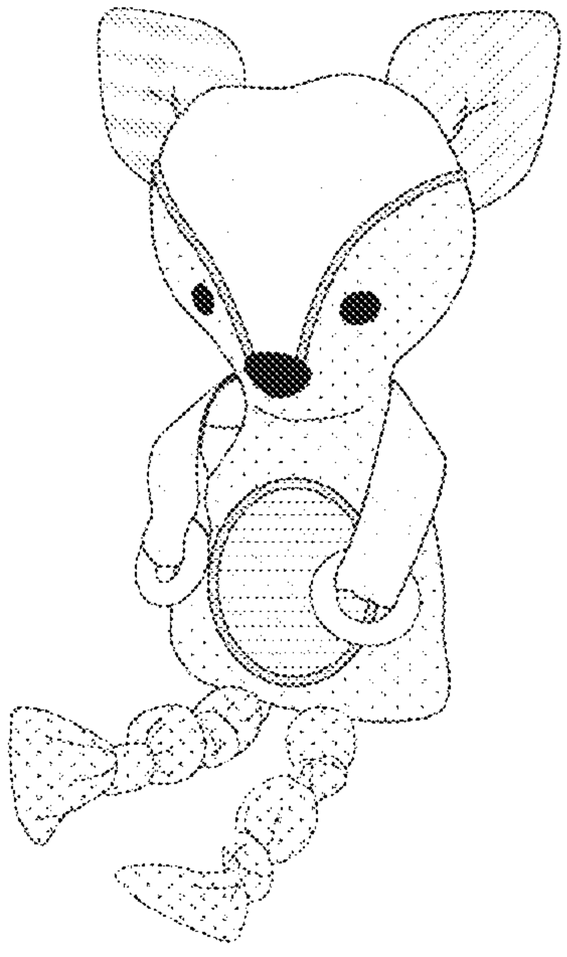

FIG. **3** is a left side view of the plush animal doll for sensory development of FIG. **1** in which the flexible left arm of the plush animal doll for sensory development is bent toward the front of the plush animal doll for sensor development and the right arm of the plush animal doll for sensory development is bent toward the rear of the plush animal doll for sensory development;

FIG. **4** is a back view of the plush animal doll for sensory development of FIG. **1**; and,

FIG. **5** is a right side view of the plush animal doll for sensory development of FIG. **1** in which the flexible left arm of the plush animal doll for sensory development is bent toward the back of the plush animal doll for sensor development and the right arm of the plush animal doll for sensory development is bent toward the front of the plush animal doll for sensory development.

The broken lines shown in FIGS. **1-5** are for the purpose of illustrating fabric patterns and form no part of the claimed design.
